The 1981 CYO Football Jamboree annually kicks-off a new season. The Catholic Youth Organization certainly is indebted to many people for helping to make the Jamboree and the Season a reality.

THE CYO WISHES TO THANK THE FOLLOWING PEOPLE:

Certainly, the football players for using their God given talents to participate in a CYO Football Season.

All CYO Football Coaches for sharing with these young athletes their talents, expertise and good guidance, in order to achieve a primary goal of meeting the needs of their young and impressionable changes.

The spectators, parents, cheerleaders, school personnel and priests for assisting here today in a way only they can, by supporting these fine boys.

Mr. Bernard Dever, Principal and Mr. Ron Huck, Athletic Director at Roncalli High School for opening their doors to the beautiful stadium for our use here today. Also, the many coaches from Roncalli High School who have donated their time to be with us today; and,

Finally, to the members of the CYO St. John Bosco Guild for serving as our official hosts at this 1981 Catholic Youth Organization Football Jamboree.

TO ALL OF THESE PEOPLE AND THE THOUSANDS OF VOLUNTEERS AND YOUNGSTERS, THE CYO SAYS..... THANK YOU!!!!!!!!!!!!!!

The 1982 CYO Football Jamboree annually kicks-off a new season. The Catholic Youth Organization is certainly indebted to many people for helping make the Jamboree and the season a reality.

THE CYO WISHES TO THANK THE FOLLOWING PEOPLE

Certainly, the football players for using their God-given talents to participate in the CYO Football Season.

All CYO Football Coaches for sharing with these young athletes their talents, expertise and good guidance, in order to achieve a primary goal of meeting the needs of their young and impressionable changes.

The spectators, parents, cheerleaders, school personnel and priests for assisting here today in a way only they can, by supporting these fine boys.

Mr. Bernard Dever, Principal and Mr. Ron Huck, Athletic Director at Roncalli High School for opening their doors to the beautiful stadium for our use here today. Also, for the many coaches from Roncalli High School who have donated their time to be with us here today; and,

Finally, to the members of the CYO St. John Bosco Guild for serving as our official hosts at this 1982 Catholic Youth Organization Football Jamboree.

The first part of the report deals with the general situation in the country. It is a very interesting and detailed account of the conditions prevailing in the various provinces. The author has spent a considerable amount of time in the field, and his observations are based on first-hand experience.

The second part of the report is devoted to a study of the economic conditions. It discusses the state of agriculture, industry, and commerce. The author points out the many difficulties which are facing the country, and suggests some possible remedies. His analysis is very thorough and his conclusions are well founded.

The third part of the report is a study of the social conditions. It deals with the state of the population, the distribution of income, and the state of public health. The author has collected a great deal of material, and his conclusions are based on a wide range of facts. He shows that there is a great deal of poverty and suffering in the country, and that the government should take steps to improve the lot of the people.

The fourth part of the report is a study of the political conditions. It discusses the state of the government, the activities of the various political parties, and the state of public opinion. The author shows that there is a great deal of corruption and inefficiency in the government, and that the people are becoming increasingly dissatisfied with the present régime.

The fifth part of the report is a study of the cultural conditions. It discusses the state of education, the state of the press, and the state of the arts. The author shows that there is a great deal of ignorance and illiteracy in the country, and that the press is largely controlled by the government. He also points out that there is a great deal of talent in the country, but that it is being wasted.

The sixth part of the report is a study of the military conditions. It discusses the state of the army, the state of the navy, and the state of the air force. The author shows that the military is very poorly equipped and trained, and that it is unable to defend the country against a foreign invasion.

The seventh part of the report is a study of the international relations of the country. It discusses the country's relations with the United States, the United Kingdom, and the Soviet Union. The author shows that the country is in a very difficult position, and that it must take steps to improve its relations with the other major powers.

The eighth part of the report is a study of the future of the country. It discusses the various proposals for reform, and the author's own views on the way in which the country should be governed. He concludes that the only way to bring about a real change in the country is to establish a democratic government, based on the principles of justice and equality.

**1997 CYO**  
**'GOBBY' WILLIAMS MEMORIAL**  
**FOOTBALL JAMBOREE**

*Dedicated To The Memory Of Norman R. "Gobby" Williams*  
*1921-1997*

## **Norman R. "Gobby" Williams 1921 - 1997**

*Any young man playing sports for St. Andrew in the 1960's and early 1970's will remember, with affection, Coach Gobby Williams. A man of integrity, Gobby was the epitome of a CYO coach, teaching leadership skills through example. His contributions to the CYO were recognized in 1971 when he received the St. John Bosco Medal, the highest award bestowed upon parish volunteers. Gobby was the head football coach at St. Andrew for 10 years, coaching at the 56 and cadet levels. He also coached baseball, basketball and track during his tenure at St. Andrew. Obviously, Gobby's passion for sports was equal to his love for coaching youth.*

*Raised on the southside of Indianapolis, Gobby attended Manual High School from 1935-39 and excelled in all sports. He was named to the 1938 all-city football squad. His athletic powers earned him a scholarship to Butler University where he continued to play football and baseball for legendary coach Tony Hinkle. Gobby signed a contract with the Louisville Colonels, a Boston Red Sox triple A baseball team, while a student at Butler. His career, though, was cut short by World War II. He served in the Marines for four years. In the fall of 1946, Gobby found himself back at Butler University where he completed his education and once again earned letters in football and baseball. Gobby actually played baseball competitively for various semi-pro teams around town until age 30. That is when he decided it might be safer to coach and leave the playing to the younger age group.*

*Gobby poured his heart and soul into his coaching responsibilities just like he did during his playing days. If he was not coaching he was busy raising four daughters and a son because his wife, Eleanor, of 25 years died in 1969. The youngest daughter at the time was only eight years old. He did a marvelous job of raising his children which is another testimony to his character and dedication to his family and strong faith.*

*The strength of CYO sports is good role models. It is fitting that the annual CYO Football Jamboree be named after one of the all-time great role models in CYO athletics, Coach Norman R. "Gobby" Williams.*
