The purpose of the "56 B" League is to provide a competitive and wholesome situation for the players of less ability than the starters and regulars of the "56 A" team. In this regard, we recommend that you list all "56 A" and "56 B" players on the "56 A" Roster. By doing this, your "56 B" players could gain some experience in a "56 A" game under certain conditions, such as a one-sided game, a kicking situation, etc. However, only the boys with less ability should be listed on the "56 B" Roster and gain valuable experience playing in that league. No "56 A" starter or regular can ever play in a "56 B" game.
