~~Because of the many rain-outs during last year's hardball season, there will be only a five game regular season. Any game postponed on Friday because of rain will be played on the following Tuesday. Please notify CYO when this occurs. The ball diamonds listed below have been reserved for Tuesdays; when there is no rain-outs teams may arrange to use these diamonds for practice games, etc., by calling the CYO office. You may play other teams in the league or non-CYO teams at that time.~~

Diamonds available; Riverside, #2 ; Garfield, #3 ; 49th and Arsenal #1 ; Brookside, #1.

Winning coach must call in the score of the game to the CYO Office, AT. 8718.

St. Joan of Arc		vs.	Bye		

Games postponed because of rain or wet grounds will be played either after the regular season or at a time stipulated by the C.Y.O. Office. Winning Coach or Priest Manager must call in the score of the game to the C.Y.O. Office (Me-2-9311) by 10:30 A.M. on the day following the game. Because of the extreme shortage of diamonds, some teams have more home games than others. We trust you will understand that any different arrangement is impossible, since there are only 5 diamonds for 11 teams.

2 men

You will notice that on Friday May 4, we omitted Little Flower by mistake, their game is a Bye.

Games postponed because of rain or wet grounds will be played either after the regular season or at a time stipulated by the C.Y.O. Office. Winning Coach or Priest Manager must call in the score of the game to the C.Y.O. Office (Me-2-9311) by 10:30 A. M. on the day following the game.

Please try to cooperate this year in the matter of reporting scores. It's a simple process, but one that has caused us a multitude of headaches in the past. Also, it should be understood that umpires are human beings who are doing their best. We would rather not hear of any undue displays of umpire-baiting or protesting on the part of any of our men.

* signifies an interdivision game which will count in the regular league standings

Please note that each team will play 6 games in its own division and 5 with teams from the other division. All games will count in the league standings. It was impossible to arrange an absolutely even schedule in the number of days available, so we did the next best thing. Some teams naturally play more games at home than others, but that will be evened out next year. Because of the track meet, no games have been scheduled on Tuesday, May 14. Interdivision play-offs will be held at the end of the regular season.

Games postponed because of rain or wet grounds will be played either after the regular season or at a time agreed upon by the C.Y.O. Office and the teams involved. Winning Coach or Priest Manager must call in the score of the game to the C. Y. O. Office (Me. 2-9311) by 10:30 A. M. on the day following the game. Please try to cooperate this year in the matter of reporting scores. It's a simple process, but one that has caused us a multitude of headaches in the past. Also, it should be understood that umpires are human beings who are doing their best. We would rather not hear of any undue displays of umpire-baiting or protesting on the part of any of our men.

*signifies an interdivision game which will count in the regular league standings.

Please note that each team will play 6 games in its own division, and 5 with teams from the other division. All games will count in the league standings. It was impossible to arrange an absolutely even schedule in the number of days available, so we did the next best thing. Some teams naturally play more games at home than others but that will be evened out next year. Because of the tract meet, no games have been scheduled on Tuesday, May 14. Interdivision play-offs will be held at the end of the regular season.

Games postponed because of rain or wet grounds will be played either after the regular season or at a time agreed upon by the C.Y.O. Office and the teams involved. Winning Coach or Priest Manager must call in the score of the game to the C.Y.O. Office (Me. 2-9311) by 10:30 A. M. on the day following the game.

Please try to cooperate this year in the matter of reporting scores. It's a simple process, but one that has caused us a multitude of headaches in the past. Also, it should be understood that umpires are human beings who are doing their best. We would rather not hear of any undue displays of umpire-baiting or protesting on the part of any of our men.

St. Philip 4 - St. Mark 2, Fri. 6/15, 5:30 P.M. o.k.

~~Because of the many rain-outs during last year's hardball season, there will be only a five game regular season. Any game postponed on Friday because of rain will be played on the following Tuesday. Please notify CYO when this occurs. The ball diamonds listed below have been reserved for Tuesdays; when there is no rain-outs teams may arrange to use these diamonds for practice games, etc., by calling the CYO office. You may play other teams in the league or non-CYO teams at that time.~~

Diamonds available; Riverside, #2 ; Garfield, #3 ; 49th and Arsenal #1 ; Brookside, #1.

Winning coach must call in the score of the game to the CYO Office, AT. 8718.

* signifies an interdivision game which will count in the regular league standings

Please note that each team will play 6 games in its own division and 5 with teams from the other division. All games will count in the league standings. It was impossible to arrange an absolutely even schedule in the number of days available, so we did the next best thing. Some teams naturally play more games at home than others, but that will be evened out next year. Because of the track meet, no games have been scheduled on Tuesday, May 14. Interdivision play-offs will be held at the end of the regular season.

Games postponed because of rain or wet grounds will be played either after the regular season or at a time agreed upon by the C.Y.O. Office and the teams involved. Winning Coach or Priest Manager must call in the score of the game to the C. Y. O. Office (Me. 2-9311) by 10:30 A. M. on the day following the game. Please try to cooperate this year in the matter of reporting scores. It's a simple process, but one that has caused us a multitude of headaches in the past. Also, it should be understood that umpires are human beings who are doing their best. We would rather not hear of any undue displays of umpire-baiting or protesting on the part of any of our men.

Division Champs - Christ the King

Flip of coin will determine which team will bat last, unless prior arrangements are made.

Wearing of some kind of protective headgear -- helmet, plastic helmet liner, or Little-league type helmet -- is required for every batter.

Games postponed because of rain or wet grounds will be played either after the regular season or at a time agreed upon by the C.Y.O. Office and the teams involved. Winning Coach or Priest Manager must call in the score of the game to the C.Y.O. Office (Me. 2-9311) by 10:30 A.M. on the day following the game.

Please try to cooperate this year in the matter of reporting scores. It's a simple process, but one that has caused us a multitude of headaches in the past. Also, it should be understood that umpires are human beings who are doing their best. We would rather not hear of any undue displays of umpire-baiting or protesting on the part of any of our men.

Game times are listed as 5:00 P.M., but in many cases high schools will be using the park diamonds until 5:30 P.M. Since our period does not officially begin until 5:30 P.M., please be patient if a particular game cannot be started at 5:00 P.M. We listed the 5:00 P.M. time so that games could be gotten out of the way earlier whenever possible. If the diamond is clear at 5:00, and both teams and the umpire are present you may begin the game.

SPECIAL LEAGUE RULES: Flip of coin will determine which team will bat last, unless prior arrangements are made.

Every batter must wear some kind of protective headgear - helmet, plastic helmet liner, or Little-League-type helmet - while at the plate.

Wa 3-0194
Pete Donnan

Games postponed because of rain or wet grounds will be played either after the regular season or at a time agreed upon by the C.Y.O. Office and the teams involved. The winning coach or Priest Manager must call in the score of the game to Bill Kuntz (St. 6-7958) or Leo Mahoney (Fl. 9-5058) right after the game, or the C.Y.O. Office by 10:30 A.M. on the day following the game.

Please try to cooperate this year in the matter of reporting scores and in the treatment of umpires. It should be understood that umpires are doing their best, and that there will always be differences of opinion on judgement calls, but these unfortunate situations don't have to deteriorate into name-calling sessions. Coaches are responsible for the example they give the boys as well as for trying to win games.

Game times are listed as 5:00 P.M., but in many cases high schools will be using the diamonds until 5:30; be patient if a game can't be started at 5:00. We listed the five o'clock time in order to get games out of the way earlier whenever possible. So, if the diamond is clear at 5:00, and both teams and the umpire are present, begin the game.

Play-offs will be scheduled at the conclusion of the regular season.

After 3 innings, the umpires have been instructed to call games at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season and there can be no exceptions to it.

SPECIAL LEAGUE RULES: Flip of coin will determine which team will bat last, unless prior arrangements are made.

Every batter must wear some kind of protective headgear - helmet, plastic helmet liner, or Little-League-type helmet - while at the plate.

Games postponed because of rain or wet grounds should be replayed as soon as possible at a time agreed upon by the C.Y.O. Office and the teams involved. The winning coach or Priest Manager must call in the score of the game to Bill Kuntz (St. 6-7958) or Bill Sahn (At. 3-7250) right after the game, or the C.Y.O. Office by 10:30 A.M. on the day following the game.

Please try to cooperate this year in the matter of reporting scores and in the treatment of umpires. It should be understood that umpires are doing their best, and that there will always be differences of opinion on judgment calls, but these unfortunate situations don't have to deteriorate into name-calling sessions. Coaches are responsible for the example they give the boys as well as for trying to win games. Any protest which is worthy of being considered must be filed in writing with the C.Y.O. Office within 24 hours after the incident.

Games times are listed as 5:00 P.M., but in many cases high schools will be using the diamonds until 5:30; be patient if a game can't be started at 5:00. We listed the five o'clock time in order to get games out of the way earlier whenever possible. So, if the diamond is clear at 5:00, and both teams and the umpire are present, begin the game.

Play-offs will be scheduled at the conclusion of the regular season.

After 3 innings, the umpires have been instructed to call games at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season and there can be no exceptions to it.

Drop Munch from St. Roch games.

C.Y.O. Cadet Spring Baseball League (Con't.)

Special League Rules: Flip of coin will determine which team will bat last, unless prior arrangements are made.
Every batter must wear some kind of protective headgear--- helmet, plastic helmet liner, or Little League-type helmet--- while at the plate.

Games postponed because of rain or wet grounds should be replayed as soon as possible at a time agreed upon by the teams involved. The C.Y.O. Office will secure an umpire for the make-up game as soon as one of the coaches calls in the details.

The winning coach or Priest Manager must call in the score of the game to Bill Kuntz (St. 6-7958) or Bill Sahm (At. 3-7250) right after the game, or to the C.Y.O. Office by 10:30 A.M. on the day following the game. If a game is postponed because of rain, the office still should be notified.

Game times are listed as 5:00 P.M., but in many cases high schools will be using the diamonds until 5:30. Be patient if a game can't be started at five o'clock. We listed the earlier time because at parish diamonds and at some park fields a 5:00 P.M. start is possible. Therefore, the umpire and both teams should be present in time to start at five o'clock.

C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm.

The usual cooperation will be expected this year in the matter of reporting scores and in the treatment of umpires. It should be understood that umpires are to do their best, and we want you to report the names of officials who are not "hustling." But we don't want you to resort to name-calling just because of a difference of opinion. Coaches are responsible for the example they give the boys as well as for trying to win games. Any protest which is worthy of being considered must be filed in writing with the C.Y.O. Office within 24 hours after the incident.

Any postponements for social or school reasons (servers' picnics, eighth grade picnics, etc.) must be set up before or by May 1, and the C.Y.O. Office must be notified. Parishes announcing any such plans after May 1 will be required to forfeit any games involved. We will try to be reasonable, but because bad weather causes enough postponements as it is, we feel that most such affairs can be scheduled to avoid conflict with baseball games. Our games have been scheduled on Tuesdays and Fridays for many years, and every parish should be aware of this.

After 3 innings, the umpires have been instructed to call games at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and there can be no exception to it.

Play-offs will be scheduled at the conclusion of the regular season. The names of the division champions will be drawn from a hat; the first name drawn will receive a bye to the championship game, while the other two will meet in the semi-final game. Any division play-offs will be completed before the championship play-offs begin.

New Substitution Rule: As a result of the vote at last spring's (1960) Coaches' meeting, the following substitution rule will be in effect for this season:

- 1.) Any player starting a game, who has played at least one full inning in that game, is entitled to leave the game at any time after that point and return once.

C.Y.O. Cadet Spring Baseball League (Con't.)

- 2.) He need not be out of the game for any particular length of time, but he must return to the line-up in the same place in the batting order that he occupied when he was removed. (This simply means that the position on the field may be changed for this player, but his spot in the batting order may not).
- 3.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- 4.) All changes involving this rule must be announced both to the umpire and the opposing coach.
- 5.) The rule is not a mandate for the coaches --- it simply allows you to use your "bench" in a game if you want to. If you don't you may ignore the whole thing, but we hope you don't because now you are able to put substitutes into the game, and give them experience, without jeopardizing your chances of winning.
- 6.) After the season, we will poll you by mail, and if a majority of you agree the rule was a good thing, it will be continued in 1962. If not, it will be dropped. Remember, you don't have to follow this rule, but we hope you will give it a fair trial. We don't think you will find that the hallowed and honorable game of baseball has been changed, and you might find that it will enable you to carry a larger roster, play more boys, and better serve the purposes of our program.

SEE SECOND SHEET FOR RULES AND INSTRUCTIONS.

RULES AND INSTRUCTIONS

- 1.) Winning coach must call the score to Bill Kuntz, St. 6-7958, Bill Sahn, At. 3-7250, on the evening of the game or to the C.Y.O. Office, Me. 2-9311 by 10:30 A.M. on the day following the game, or if the game is played on Friday the following Monday. We must have the cooperation of all coaches in this regard, in order that the scores and standings may be kept in order and so they may appear in the Indianapolis papers. Also, all scores must be relayed to the Junior Baseball Office.
- 2.) Two rosters are included with this schedule. Both copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of the Junior Baseball Office. Rosters must be at the C.Y.O. Office by Tuesday, June 20, 12:00 Noon.
- 3.) You should bring your own bags to all games, just in case, but at Max Bahr Field bags must always be brought by the teams, since the field doesn't provide any.
- 4.) Substitution Rule: The same substitution rule that was used in the Spring League will apply for the Summer League. The rule, however, will not apply for the Junior Baseball Class C Play-offs. The rule is as follows:
 - a.) Any player starting a game, who has played at least one full inning in that game, is entitled to leave the game at any time after that point and return once.
 - b.) He need not be out of the game for any particular length of time, but he must return to the line-up in the same place in the batting order that he occupied when he was removed. (This simply means that the position on the field may be changed for this player, but his spot in the batting order may not).
 - c.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - d.) All changes involving this rule must be announced both to the umpire and the opposing coach.
 - e.) The rule is not a mandate for the coaches --- it simply allows you to use your "bench" in a game if you want to. If you don't, you may ignore the whole thing, but we hope you don't because now you are able to put substitutes into the game, and give them experience, without jeopardizing your chances of winning.
- 5.) Each team is entitled to list on its roster any players from the Spring League who will be under 15 as of Aug. 1, plus a total of five other boys who are either a.) high school students, b.) boys outside the parish, or c.) non-Catholic boys. Players who fit into any or all of these three categories, of course, are subject to regular Jr. Baseball eligibility rules. The roster limit is 18 players.
- 6.) For other information, see Junior Baseball rules, which are also enclosed with this schedule.

SPECIAL SCHEDULING NOTES:

1.) The dates on this schedule are to be followed explicitly. Since our games have been on Tuesdays and Fridays for many years, special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time... until 12:00 Noon on Monday, April 30. After that time, no postponements will be allowed, unless the game is played before the scheduled date.

C.Y.O. CADET SPRING BASEBALL LEAGUE

SPECIAL SCHEDULING NOTES: (Con't.)

- 2.) If you have an allowable postponement, phoned in before the deadline of April 30, use the following procedure: Call the C.Y.O. Office first to secure permission, then contact the opposing coach to tell him that the postponement has been approved. At that time try to arrange a date for the make-up game. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.
- 3.) Game times are listed as 5:00 P.M., but in many cases high schools will be using the diamonds until 5:30. Be patient if a game can't be started at five o'clock. We listed the earlier time because at parish diamonds and at some park fields a 5:00 P.M. start is possible. Therefore, the umpire and both teams should be present in time to start at five o'clock. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 4.) You may request time changes in the schedule by calling the C.Y.O. Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 5.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the C.Y.O. Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing games until later in the day. Some times we find that play is possible at a particular diamond, but by that time everything has been called off by the home coach.
- 6.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. Always, make up rained-out games as soon as possible after the originally scheduled date. Avoid waiting until late in the season.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. The names of the division champions will be drawn from a hat; the first name drawn will receive a bye to the championship game, while the other two will meet in the semi-final game. Any division play-offs will be completed before the championship play-offs begin.

RULES REMINDERS:

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear --- helmet, plastic helmet liner, or boxing-type headgear --- while at the plate or in the on-deck circle.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahn, At. 3-7250, Bill Kuntz, St. 6-7958, or on the morning following the game to the C.Y.O. Office, Me. 2-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.

C.Y.O. CADET SPRING BASEBALL LEAGUE

RULES REMINDERS: (Con't.)

- 4.) C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball costs \$21.00 a dozen (\$1.75 per ball), and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Each team should have a good ball, new or fairly new, ready for use in every game.
- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) All league games will operate according to the rules of Amateur Baseball, copies of which are available at sporting goods stores. Any exceptions to these playing rules are listed in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, our rule takes precedence.
- 8.) Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, then extended through the Summer season. Coaches for the most part were well satisfied with the rule, according to the results of our question on the entry blank for the 1962 Spring League. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the batting, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule...you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.

JUNIOR BASEBALL
RULES AND INFORMATION

The starting time has been assigned at 5:30, but a reasonable (6:00) extension should be allowed.

1. The dates^{4 times} on this schedule are to be followed whenever possible. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.
3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 2. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1964 All-Star games -- ~~will~~ *will be played on Tuesday, July 9, 1964.* *Monday July 13, 1964* *For A, B & C Leagues*
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball. Rosters must be at the C.Y.O. Office at the latest by the day you play your first game. Final rosters must be filed by July 5.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, ~~and extended through the Summer season. Coaches for the most part have been well satisfied with the rule.~~ *and now* and applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the batting *order,* the substitute then

We are permitted by the Baseball & Softball League in our charter to have a maximum of 15 players on the field at any one time.

RULES AND INFORMATION (con't.)

7. Substitution Rule

- c.) moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule..... you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
8. The Substitution Rule will apply only for the league season, not for the Junior Baseball play-offs.
 9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.
 10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
 11. Every batter must wear some kind of protective headgear --- helmet, plastic helmet liner, or boxing-type headgear --- while at the plate or in the on-deck circle.
 12. Balls will be delivered to you before the first game of the season. Follow the same system used last year....each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will ^{try if possible} be able to furnish them, but only after you have legitimately used up your first supply.

13. SECRET
14. IMPORTANT NOTE: Bill Calhoun, the St. Bernadette "B" Coach, has kindly volunteered to act as Secretary for our Summer Baseball Program. He will take care of all scores, calling the papers, keeping standings up-to-date, etc. The C.Y.O. Office will continue to handle arrangements for make-up games, postponements, and complaints. However, all scores are to be called to Bill Calhoun, Fl.9-4114, the evening of the game, so that they can be in the paper the next morning. Please cooperate. If you do, we think that the results of our games will be properly publicized, and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

JUNIOR BASEBALL
RULES AND INFORMATION

1. The dates on this schedule are to be followed whenever possible. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.
3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 1. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1963 All-Star games -- they will be played on Tuesday, July 9, 1963.
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball. Rosters must be at the C.Y.O. Office at the latest by the day you play your first game. Final rosters must be filed by July 5.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, then extended through the Summer season. Coaches for the most part have been well satisfied with the rule, and it now applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the batting, the substitute then

RULES AND INFORMATION (con't.)

7. Substitution Rule

- c.) moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.

8. The Substitution Rule will apply only for the league season, not for the Junior Baseball play-offs.

9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.

10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.

11. Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle.

12. Balls will be delivered to you before the first game of the season. Follow the same system used last year...each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will be able to furnish them, but only after you have legitimately used up your first supply.

13. IMPORTANT NOTE: Bill Calhoun, the St. Bernadette "B" Coach, has kindly volunteered to act as Secretary for our Summer Baseball Program. He will take care of all scores, calling the papers, keeping standings up-to-date, etc. The C.Y.O. Office will continue to handle arrangements for make-up games, postponements, and complaints. However, all scores are to be called to Bill Calhoun, Fl. 9-1,114, the evening of the game, so that they can be in the paper the next morning. Please cooperate. If you do, we think that the results of our games will be properly publicized, and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

Division Play-off - St. Bernadette 8, Little Flower 1

@ Ellenberger
5/26, 2:00 P.M.
Only one umpire
Chauk

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Since our games have been on Tuesdays and Fridays for many years, special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time... until 12:00 Noon on Friday, May 10. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you have an allowable postponement, phoned in before the deadline of May 10, use the following procedure: Call the C.Y.O. Office first to secure permission, then contact the opposing coach to tell him that the postponement has been approved. At that time try to arrange a date for the make-up game. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.
- 3.) Game times are listed as 5:00 P.M., but in many cases high schools will be using the diamonds until 5:30. Be patient if a game can't be started at five o'clock. We listed the earlier time because at parish diamonds and at some park fields a 5:00 P.M. start is possible. Therefore, the umpire and both teams should be present in time to start at five o'clock. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 4.) You may request time changes in the schedule by calling the C.Y.O. Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 5.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the C.Y.O. Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing games until later in the day. Some times we find that play is possible at a particular diamond, but by that time everything has been called off by the home coach.
- 6.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. Always, make up rained-out games as soon as possible after the originally scheduled date. Avoid waiting until late in the season.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.

- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with four divisions this season, the play-offs will be set up as follows: Division #1 champion will play the Division #2 champion; Division #3 champion will play the Division #4 champion. Winners of the first two play-off games then will meet for the league championship. Dates, diamonds, etc., are set up after the regular season is completed. It is understood that any necessary division play-offs will be finished before the championship play-offs begin.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Salm, At. 3-7250, Bill Kuntz, St. 6-7958, or on the morning following the game to the C.Y.O. Office, Me. 2-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.
- 4.) C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball costs \$21.00 a dozen (\$1.75 per ball), and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Each team should have a good ball, new or fairly new, ready for use in every game.
- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) All league games will operate according to the rules of Amateur Baseball, copies of which are available at sporting goods stores. Any exception to these playing rules are listed in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, our rule takes precedence.
- 8.) Substitution Rule: This rule was first adopted in 1960 for the Spring season of 1961. Since then, it has been extended by vote of the coaches and Priests through every Spring and Summer season. This Spring, we again asked on the entry blank the opinion of each parish about the rule. Of those replying, only one opposed continuing the rule, so it will be in force for this Spring season and for the Summer C.Y.O. Junior Baseball Leagues. The rule is as follows:
 - a.) Any player starting a game who has player at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (This simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning.

- c.) (Con't.) because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule...you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Since our games have been on Tuesdays and and Fridays for many years, special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time... until 12:00 Noon on Tuesday, May 12. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you have an allowable postponement, phoned in before the deadline of May 12, use the following procedure: Call the C.Y.O. Office first to secure permission, then contact the opposing coach to tell him that the postponement has been approved. At that time try to arrange a date for the make-up game. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.

Protest Rule

*Academically
Eligible*

- 3.) Game times are listed as 5:00 P.M., but in many cases high schools will be using the diamonds until 5:30. Be patient if a game can't be started at five o'clock. We listed the earlier time because at parish diamonds and at some park fields a 5:00 P.M. start is possible. Therefore, the umpire and both teams should be present in time to start at five o'clock. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 4.) You may request time changes in the schedule by calling the C.Y.O. Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 5.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the C.Y.O. Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing games until later in the day. Some times we find that play is possible at a particular diamond, but by that time everything has been called off by the home coach.
- 6.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. Always, make up rained-out games as soon as possible after the originally scheduled date. Avoid waiting until late in the season.
- 7.) If an umpire from the Association does not appear by thirty minutes after the scheduled starting time, or by thirty minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with four divisions this season, the play-offs will be set up as follows: Division #1 champion will play the Division #3 champion; Division #2 champion will play the Division #4 champion. Winners of the first two play-off games then will meet for the league championship. Dates, diamonds, etc., are set up after the regular season is completed. It is understood that any necessary division play-offs will be finished before the championship play-offs begin.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahm, At. 3-7250, Bill Kuntz, St. 6-7958, or on the morning following the game to the C.Y.O. Office, Me. 2-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.

- 4.) C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball costs \$21.00 a dozen (\$1.75 per ball), and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Each team should have a good ball, new or fairly new, ready for use in every game.
- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) All league games will operate according to the rules of Amateur Baseball, copies of which are available at sporting goods stores. Any exception to these playing rules are listed in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, our rule takes precedence.
- 8.) Substitution Rule: This rule was first adopted in 1960 for the Spring season of 1961, and is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (This simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next...inning because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory ~~and~~ it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule...you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.

C.Y.O. CADET SPRING BASEBALL LEAGUE

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Since our games have been on Tuesdays and Fridays for many years, special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time..... until 12:00 Noon on Wednesday, May 11. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you have an allowable postponement, phoned in before the deadline of May 11, use the following procedure: Call the C.Y.O. Office first to secure permission, then contact the opposing coach to tell him that the postponement has been approved. At that time try to arrange a date for the make-up game. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.
- 3.) Weekday game times are 5:30 P.M. Be patient if a game can't be started at 5:30. The umpire and both teams should be present by 5:15 P.M. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 4.) You may request time changes in the schedule by calling the C.Y.O. Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 5.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the C.Y.O. Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing the game until later in the day.
- 6.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, should work behind the plate.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with three divisions this season, the play-offs will be set up as follows: We'll have a drawing when the division champions are determined. One team will draw a bye; the other two will play, with the winner meeting the "bye" team for the championship. Any necessary division play-offs will be completed before the Championship Play-offs begin.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahn, 253-4633, Bill Kuntz, 786-7958, or on the morning following the game to the C.Y.O. Office, 632-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.

RULES REMINDERS (con't)

- 4.) C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball is the Rawlings 7500. It's a good ball, and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Each team should have a good ball, new or fairly new, ready for use in every game.
- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) All league games will operate according to the rules of Amateur Baseball, copies of which are available at sporting goods stores. Any exception to these playing rules are listed in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, our rule takes precedence.
- 8.) Substitution Rule: This rule was first adopted in 1960 for the Spring season of 1961, and is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (This simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule...you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 9.) The following academic eligibility rule is in effect for all pupils participating in C.Y.O. Athletics (see the School Office Handbook.)

"Pupils who receive a grade of $\frac{1}{2}$ (failure due to lack of effort) in a course become ineligible for participation in sports."

 - a.) Any pupil receiving such a grade becomes ineligible at the end of that grading period (not necessarily when the report card is received), and he or she remains ineligible from that point until the end of the next grading period, providing that eligibility is regained during that period.
 - b.) If a pupil is passed to the next grade at the end of the school year, he or she is automatically eligible for Fall sports at the start of the next year.

JUNIOR BASEBALL
RULES AND INFORMATION

1. The dates and times on this schedule are to be followed whenever possible. The starting time has been assigned at 5:30, but a reasonable (6:00 P.M.) extension should be allowed. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.
3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 1. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1966 All-Star games for A, B, and C Leagues: They will be played on Monday, July 11, 1966.
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball. Rosters must be at the C.Y.O. Office at the latest by the day you play your first game. Final rosters must be filed by July 5.
 - a.) We are permitted by Junior Baseball to carry 18 players on our roster during the season -- but you must cut to 15 players when our league winners enter the tournament.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, and now applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.

RULES AND INFORMATION (Con't.)

7. Substitution Rule (Con't.):

- c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule...you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.

8. The Substitution Rule will apply only for the league season, not for the Junior Baseball play-offs.

9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.
10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
11. Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle or as a base-runner.
12. Balls will be delivered to you before the first game of the season. Follow the same system used last year....each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will try if possible to furnish them, but only after you have legitimately used up your first supply.
13. Tuesday, June 28 is "Junior Baseball Night" at Victory Field. The Indians are playing San Diego. All Junior Baseball players are admitted free that night, when accompanied by their manager, coach, or both. In order for us to continue our cooperation with the Junior Baseball Program, we would like for all teams to participate on this night. C.Y.O. teams in the Junior Baseball Program will assemble with their coaches in the parking lot of the C.Y.O. Stadium one hour before game time on June 28. Game time is normally 7:45, so this means that we'll meet at approximately 6:45 P.M. All teams will start into Victory Field promptly at 7:00 P.M. Make your plans now!
14. IMPORTANT NOTE: Bill Calhoun, the St. Bernadette "C" Coach, has kindly volunteered to act as Secretary for our Summer Baseball Program. He will take care of all scores, calling the papers, keeping standings up-to-date, etc. The C.Y.O. Office will continue to handle arrangements for make-up games, postponements, and complaints. However, all scores are to be called to Bill Calhoun, 359-4114, the evening of the game, so that they can be in the paper the next morning. Please cooperate. If you do, we think that the results of our games will be properly publicized, and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

JUNIOR BASEBALL
RULES AND INFORMATION

1. The dates and times on this schedule are to be followed whenever possible. The starting time has been assigned at 5:30, but a reasonable (6:00 P.M.) extension should be allowed. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.
3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 1. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1966 All-Star games for A, B, and C Leagues: They will be played on Monday, July 11, 1966.
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball. Rosters must be at the C.Y.O. Office at the latest by the day you play your first game. Final rosters must be filed by July 5.
 - a.) We are permitted by Junior Baseball to carry 18 players on our roster during the season -- but you must cut to 15 players when our league winners enter the tournament.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, and now applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.

RULES AND INFORMATION (Con't.)

7. Substitution Rule (Con't.):

- c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.

8. The Substitution Rule will apply only for the league season, not for the Junior Baseball play-offs.

- 9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.
- 10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 11. Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle or as a base-runner.
- 12. Balls will be delivered to you before the first game of the season. Follow the same system used last year....each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will try if possible to furnish them, but only after you have legitimately used up your first supply.
- 13. Tuesday, June 28 is "Junior Baseball Night" at Victory Field. The Indians are playing San Diego. All Junior Baseball players are admitted free that night, when accompanied by their manager, coach, or both. In order for us to continue our cooperation with the Junior Baseball Program, we would like for all teams to participate on this night. C.Y.O. teams in the Junior Baseball Program will assemble with their coaches in the parking lot of the C.Y.O. Stadium one hour before game time on June 28. Game time is normally 7:45, so this means that we'll meet at approximately 6:45 P.M. All teams will start into Victory Field promptly at 7:00 P.M. Make your plans now!
- 14. IMPORTANT NOTE: Bill Calhoun, the St. Bernadette "C" Coach, has kindly volunteered to act as Secretary for our Summer Baseball Program. He will take care of all scores, calling the papers, keeping standings up-to-date, etc. The C.Y.O. Office will continue to handle arrangements for make-up games, postponements, and complaints. However, all scores are to be called to Bill Calhoun, 359-4114, the evening of the game, so that they can be in the paper the next morning. Please cooperate. If you do, we think that the results of our games will be properly publicized, and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

St. Bernadette 1	vs. St. Jude 15	@ Christian Park

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time...until 12:00 Noon on Wednesday, May 10. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you have an allowable postponement, phoned in before the deadline of May 10, use the following procedure: Call the C.Y.O. Office first to secure permission, then contact the opposing coach to tell him that the postponement has been approved. At that time try to arrange a date for the make-up game. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.
- 3.) Weekday game times are 5:30 P.M. Be patient if a game can't be started at 5:30. The umpire and both teams should be present by 5:15 P.M. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 4.) You may request time changes in the schedule by calling the C.Y.O. Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 5.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the C.Y.O. Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing the game until later in the day.
- 6.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire.

SPECIAL SCHEDULING NOTES (con't.)

- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, should work behind the plate.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with three divisions this season, the play-offs will be set up as follows: We'll have a drawing when the division champions are determined. One team will draw a bye; the other two will play, with the winner meeting the "bye" team for the championship. Any necessary division play-offs will be completed before the Championship Play-offs begin.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate or in the on-deck circle. We prefer a helmet which protects the ears and temples.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahm, 253-4633, Bill Kuntz, 786-7958, or on the morning following the game to the C.Y.O. Office, 632-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.
- 4.) C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball is the Rawlings 75CC. It's a good ball, and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Each team should have a good ball, new or fairly new, ready for use in every game.
- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) All league games will operate according to the rules of Amateur Baseball, copies of which are available at sporting goods stores. Any exception to these playing rules is listed in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, our rule takes precedence.
- 8.) Substitution Rule: a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed, (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.

RULES REMINDERS (con't.)

- c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 9.) The following academic eligibility rule is in effect for all pupils participating in C.Y.O. Athletics (see the School Office Handbook).
"Pupils who receive a grade of 4 (failure due to lack of effort) in a course become ineligible for participation in sports.
- a.) Any pupil receiving such a grade becomes ineligible at the end of that grading period (not necessarily when the report card is received), and he or she remains ineligible from that point until the end of the next grading period, providing that eligibility is regained during that period.
- b.) If a pupil is passed to the next grade at the end of the school year, he or she is automatically eligible for Fall sports at the start of the next year."
- 10.) An eligibility blank for each player is to be filled out and signed by one parent and the parish Priest Moderator. These blanks have space for the boy's birth date to be inserted, and the grade he is in this school term, so that the C.Y.O. will have on file the correct age and grade for every boy in the league. Also, every boy who takes part in C.Y.O. Baseball must have a physical examination before he plays in a game, recorded on the C.Y.O. Physicians' certificate, which is on the bottom half of the eligibility blank. Where possible, each parish should arrange for a group physical for the entire team at one time, or require each boy to be checked by his family doctor. These blanks are to be turned in to the C.Y.O. Office by Friday, May 12. If a blank was filled out for a previous sport no further examination is necessary. The blank already on file will be sufficient.
- 11.) You have been given a supply of new forms - "C.Y.O. Umpire's Evaluation Sheets". We ask that after each game you fill out one of these forms and return it to the C.Y.O. Office.

**JUNIOR BASEBALL
RULES AND INFORMATION**

1. The dates and times on this schedule are to be followed whenever possible. The starting time has been assigned at 5:30, but a reasonable (6:00 P.M.) extension should be allowed. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.
3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 1. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1967 All-Star games for A, B, and C Leagues: They will be played on Saturday, July 22, 1967.
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball (mail both copies to us). Rosters must be at the C.Y.O. Office at the latest by the day you play your first game. Final rosters must be filed by July 3.
 - a.) We are permitted by Junior Baseball to carry 18 players on our roster during the season -- but you must cut to 15 players when our league winners enter the tournament.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, and now applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.

RULES AND INFORMATION (Con't.)

7. Substitution Rule (Con't.):

- c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory--it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing the umpire and the opposing coach.

8. The Substitution Rule will apply only for the league season, not for the Junior Baseball Play-offs.

- 9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.
- 10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 11. Every batter must wear some kind of protective headgear--helmet, plastic helmet liner, or boxing type headgear--while at the plate or in the on-deck circle or as a base-runner.
- 12. Balls will be delivered to you before the first game of the season. Follow the same system used last year....each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will try if possible to furnish them, but only after you have legitimately used up your first supply.
- 13. Monday, July 10 is "Junior Baseball Night" at Victory Field. The Indians are playing Spokane. All Junior Baseball players are admitted free that night, when accompanied by their manager, coach, or both. In order for us to continue our cooperation with the Junior Baseball Program, we would like for all teams to participate on this night. C.Y.O. teams in the Junior Baseball Program will assemble with their coaches in the parking lot of the C.Y.O. Stadium one hour before game time on July 10. Game time is normally 7:45, so this means that we'll meet at approximately 6:45 P.M. All teams will start into Victory Field promptly at 7:00 P.M. Make your plans now!
- 14. IMPORTANT NOTE: Bill Calhoun has kindly volunteered to act as Secretary for our Summer Baseball Program. He will take care of all scores, calling the papers, keeping standings up-to-date, etc. The C.Y.O. Office will continue to handle arrangements for make-up games, postponements, and complaints. However, all scores are to be called to Bill Calhoun, 359-4114, the evening of the game, so that they can be in the paper the next morning. Please cooperate. If you do, we think that the results of our games will be properly publicized, and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

Little Flower vs. Our Lady of Lourdes *pp.* @ Ellenberger

RULES AND INFORMATION

1. The dates and times on this schedule are to be followed whenever possible. The starting time has been assigned at 5:30 P.M. but a reasonable (6:00 P.M.) extension should be allowed. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.

Rules and Information (Con't.)

3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 1. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1968 All-Star games for A, B, and C Leagues: They will be played on Monday, July 15, 1968.
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O., with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball (mail both copies to us). Rosters must be at the C.Y.O. at the latest by the day you play your first game. Final rosters must be filed by July 1.
 - a.) We are permitted by Junior Baseball to carry 18 players on our roster during the season -- but you must cut to 15 players when our league winners enter the tournament.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, and now applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.

RULES AND INFORMATION (CON'T.)

- f.) The rule is not mandatory--it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing the umpire and the opposing coach.
8. The Substitution Rule will apply only for the league season, not for the Junior Baseball Play-offs.
 9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.
 10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
 11. Every batter must wear some kind of protective headgear--helmet, plastic helmet liner, or boxing type headgear--while at the plate or in the on-deck circle or as a base-runner.
 12. Balls will be delivered to you before the first game of the season. Follow the same system used last year....each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will try if possible to furnish them, but only after you have legitimately used up your first supply.
 13. Monday, Ju 24 is "Junior Baseball Night" at Bush Stadium. The Indians are playing Hawaii. All Junior Baseball players are admitted free that night, when accompanied by their manager, coach, or both. In order for us to continue our cooperation with the Junior Baseball Program, we would like for all teams to participate on this night. C.Y.O. teams in the Junior Baseball Program will assemble with their coaches in the parking lot of the C.Y.O. Stadium one hour before game time on June 24. All teams will assemble between 6:30 and 6:45, and start into Bush Stadium promptly at 7:00 P.M. Make your plans now!
 14. IMPORTANT NOTE: Bill Calhoun has kindly volunteered to act as Secretary for our Summer Baseball Program. He will take care of all scores, calling the papers, keeping standings up-to-date, etc. The C.Y.O. Office will continue to handle arrangements for make-up games, postponements, and complaints. However, all scores are to be called to Bill Calhoun, 359-4114, the evening of the game, so that they can be in the paper the next morning. Please cooperate. If you do, we think that the results of our games will be properly publicized, and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time....until 12:00 Noon on Wednesday, May 7. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you know before May 7 that a postponement of any game will be necessary, please use the following procedure: Call the C.Y.O. Office to line up permission, then contact the opposing coach to tell him that the postponement has been approved, and try to arrange a date with him for the make-up game. Then call the C.Y.O. Office again to obtain an umpire. This should be done so that we have at least 24 hours' notice for the Umpires' Association. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.

Special Scheduling Notes (Con't.)

- 3.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the C.Y.O. Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing the game until later in the day.
- 4.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire.
- 5.) You may request time changes in the schedule by calling the C.Y.O. Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 6.) Weekday game times are 5:30 P.M. Be patient if a game can't be started at 5:30. The umpire and both teams should be present by 5:15 P.M. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, must work behind the plate.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with three divisions this season, the play-offs will be set up as follows: We'll have a drawing when the division champions are determined. One team will draw a bye; the other two will play, with the winner meeting the "bye" team for the championship. Any necessary division play-offs will be completed before the Championship Play-offs begin.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate, in the on-deck circle, or on the bases. A helmet which protects the ears and temples is much safer, so please don't buy any new helmets which are not of this type.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahm, 253-4633, Bill Kuntz, 786-7958, or on the morning following the game to the C.Y.O. Office, 632-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.
- 4.) C.Y.O. shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm. If you don't wear uniform shirts, the patches are not required.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball is the Rawlings 70CC. It's a good ball, and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Another good ball is the CCX which is similar to the 70CC but a little cheaper. This particular ball is available only at Em-Roe Sporting Goods. Each team should have a good ball, new or fairly new, ready for use in every game.

Rules Reminders (Con't.)

- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) Substitution Rule:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 8.) The following academic eligibility rule is in effect for all pupils participating in C.Y.O. Athletics (see the School Office Handbook).

"Pupils who receive a grade of 4 (failure due to lack of effort) in a course become ineligible for participation in sports."

 - a.) Any pupil receiving such a grade becomes ineligible at the end of that grading period (not necessarily when the report card is received), and he or she remains ineligible from that point until the end of the next grading period, except that ineligibility may be lifted before the end of the grading period if the pupil's effort improves. The teacher and principal are to decide this.
 - b.) If a pupil is passed to the next grade at the end of the school year, he or she is automatically eligible for Fall sports at the start of the next school year.
- 9.) An eligibility blank for each player is to be filled out and signed by one parent and the parish Priest Moderator. These blanks have space for the boy's birth date to be inserted, and the grade he is in this school term, so that the C.Y.O. will have on file the correct age and grade for every boy in the league. Also, every boy who takes part in C.Y.O. Baseball must have a physical examination before he plays in a game, recorded on the C.Y.O. Physicians' certificate, which is on the bottom half of the eligibility blank. Where possible, each parish should arrange for a group physical for the entire team at one time, or require each boy to be checked by his family doctor. These blanks are to be turned in to the C.Y.O. Office by Friday, May 9. If a blank was filled out for a previous sport no further examination is necessary. The blank already on file will be sufficient. Please list the names of all boys on your squad on the roster blank provided. Turn in the roster blank, along with any eligibility slips needed, by May 9. If boys have previously turned in a blank this school year, place a check mark behind these boys' names in the "blank on file" column.

Rules Reminders (Con't.)

- 10.) You have been given a supply of new forms - "C.Y.O. Umpire's Evaluation Sheets". We ask that after each game you fill out one of these forms and return it to the C.Y.O. Office.
- 11.) All league games will operate according to the rules of Amateur Baseball, a copy of which is provided in your envelope. Any exceptions to these rules are listed below, and elsewhere in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, the C.Y.O. rule takes precedence.
- 12.) Since the name of the game in 1969 is "Speed-up," the following new procedures are hereby incorporated into the operation of the C.Y.O. Cadet Spring Baseball League. These procedures were initiated at a post-season meeting of veteran coaches last Summer. They will apply to all teams and to all games without exception. Then, after the regular season is completed, every coach will have a chance to offer his opinion on each one of them, and we'll be able to definitely decide whether or not they should be continued in future seasons.

We hope you like all of them, and we hope you'll have even more ideas for improving the game, and therefore the C.Y.O. Baseball program:

a.) In the event of darkness or inclement weather preventing the completion of seven full innings, three-and-one-half (3½) innings shall constitute a complete game, as far as the records are concerned, if the "home" team is ahead at that point. Four (4) innings shall constitute a complete game if either team is ahead at that point. Where possible, of course, the game should be played to completion. This rule simply helps alleviate somewhat the necessity of re-scheduling games which are interrupted.

b.) Once the pitcher takes the mound for the beginning of any half-inning, he is restricted to five warm-up pitches, not to consume more than one minute, after which the umpire is to resume the game. There must be a catcher behind the plate when the pitcher takes the mound.....either the regular catcher or a substitute while the regular catcher is putting on his equipment.

c.) The rest of the team is allowed to throw the ball around the infield (or outfield) prior to the start of a half-inning only as long as the warm-up period lasts. If this means that there isn't time for any infield drill, then it is to be eliminated altogether for that half-inning.

d.) When issuing an intentional walk, it no longer is necessary to make the four pitches. Instead, the coach or catcher of the defensive team can inform the umpire that an intentional walk is being given that batter, and the umpire will wave the batter to first base. This rule will apply at any stage of the count to a particular batter.....in other words, the coach or catcher may state that an intentional walk is being given when the count is two balls-two strikes, 1 ball-no strikes, etc.

e.) Each team when on offense may be granted not more than one charged conference per inning to permit the coach or any of that team's personnel to confer with baserunners and/or the batter. No further conferences are to be permitted by the umpire to the offensive team in that inning. The coach, his representative, or a player may make the request.

Rules Reminders (Con't.)

f.) Each team when on defense may be granted not more than three charged conferences during a game, without penalty, to permit a coach, his representative or a player to confer with his player or players. The request for this charged conference may be made by a coach, his representative, or a player. The penalty: For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of the game (although he may remain in the game at another position).

NOTE: Changing players through the umpire is not a charged conference. Also, time-out for an injury is not a charged conference. The ruling of the umpire will determine whether or not time has been called in any other case.

g.) If the teams have not had an opportunity to take infield and/or outfield practice at the particular diamond by the scheduled time for the game, this practice is to be eliminated, and the umpire is to start the game as soon as the pre-game conference has been held and line-ups exchanged. Starting pitchers are to warm up away from the playing area while the teams are waiting for the diamond to be cleared.

h.) In all such cases, the umpire is to be responsible for moving the game along, and he is to remind the teams when necessary, so that this speeding up can be accomplished.

13.) We recommend that the catcher wear a helmet without a bill while catching, as a safety measure. These can be obtained at sporting goods stores, or the bill can be cut from a helmet owned by the team. This is not a requirement, just a recommendation.

14.) Be careful with your pitchers!! Their arms should be watched closely. Also, although this is not a rule, coaches should try to avoid pitching one boy more than twice in any seven-day period.

<u>Holy Name</u> 2	vs. Immaculate Heart 0 (fouf)	@ Msgr. Downey #1
Holy Spirit	vs. Little Flower	@ Brookside #1 7/2.5-
<u>St. Catherine</u> 7	vs. Holy Trinity 0 (fouf)	@ Max Bahr

SPECIAL NOTE - JULY 14 - JUNIOR ALL-STAR GAME

RULES AND INFORMATION

1. The dates and times on this schedule are to be followed whenever possible. The starting time has been assigned at 5:30, but a reasonable (6:00 P.M.) extension should be allowed. Only in the case of travel from one side of the city to the other can changes be allowed. We ask that you check with the C.Y.O. Office at least 24 hours in advance if you're unable to make a game on the scheduled day. Time changes sometimes are necessary. In such a case, we must have the same 24-hour notice.
2. Both coaches have the responsibility of making arrangements for replaying any games postponed, whether the reason is bad weather or a schedule conflict. It's the particular responsibility of the home coach, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the C.Y.O. Office to secure an umpire. We will make the necessary contacts with the Junior Baseball Office.
3. If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams ready, the team should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases.
4. Because we participate as members of the Junior Baseball Program of the Indianapolis Park Department, our league champions will move into the Junior Baseball Play-offs, which are slated to begin on or about August 1. Therefore, we must complete our season and conduct any play-offs made necessary by a tie in order that our champions are ready to take part in the Junior Baseball Championships.
5. You are entitled to nominate players for the annual Junior Baseball All-Star Teams. Names and addresses of all coaches have been turned over to the office of Junior Baseball, and proper notification will be mailed to you. This is just a reminder. A further reminder about the 1969 All-Star games for A, B, and C Leagues: They will be played on Monday, July 14, 1969.
6. You've already received your roster blanks. Remember that two copies are to be made out and mailed to the C.Y.O. Office, with one to be retained by the C.Y.O. and one to go into the files of Junior Baseball (mail both copies to us). Rosters must be at the C.Y.O. Office at the latest by the date of the first game. Final roster must be filed by July 1.
 - a.) We are permitted by Junior Baseball to carry 18 players on our roster during the season -- but you must cut to 15 players when our league winners enter the tournament.
7. Substitution Rule: This rule was adopted in 1960 for the Spring Season of 1961, and now applies to all C.Y.O. Baseball. The rule is as follows:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.

RULES AND INFORMATION (CON'T.)

- c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning, because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory--it simply allows coaches to use their "bench" in a game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing the umpire and the opposing coach.
8. The Substitution Rule will apply only for the league season, not for the Junior Baseball Play-offs.
 9. Teams are to bring their own bags to all games. If you don't have bags, you should check with the opposing coach, to make sure that there is at least one set between you.
 10. A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
 11. Every batter must wear some kind of protective headgear--helmet, plastic helmet liner, or boxing type headgear--while at the plate or in the on-deck circle or as a base-runner.
 12. Balls will be delivered to you before the first game of the season. Follow the same system used last year....each ball will be the game ball one game, then the spare ball the next game, with teams taking turns providing a new ball for the game. If extra balls are needed later in the season we will try if possible to furnish them.
 13. IMPORTANT NOTE: The C.Y.O. Office, through Bill Kuntz, will handle arrangements for make-up games, postponements, and complaints. Coaches of both teams are to call the final score after every game to Bill Kuntz 786-7958, or the call may be made to the C.Y.O. Office, 632-9311, on the game. Please cooperate. If you do, we think that the results of our games will be properly publicized and we'll be able to do a better job of contacting coaches on make-ups, because we'll know for sure which games haven't been played.

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time...until 12:00 Noon on Wednesday, May 6. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you know before May 6 that a postponement of any game will be necessary, please use the following procedure: Contact the opposing coach to tell him that the postponement is necessary and try to arrange a date with him for the make-up game. Then call the CYO Office to obtain an umpire. This should be done so that we have at least 24 hours' notice for the Umpires' Association. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.

Local Scheduling Notes (Contd.)

- 3.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the CYO Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying out by game time, we ask all coaches to avoid postponing the game until later in the day.
- 4.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the CYO Office to secure an umpire.
- 5.) You may request time changes in the schedule by calling the CYO Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 6.) Weekday game times are 5:30 P.M. Be patient if a game can't be started at 5:30. The umpire and both teams should be present by 5:15 P.M. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, must work behind the plate.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with three divisions this season, the play-offs will be set up as follows: We'll have a drawing when the division champions are determined. One team will draw a bye; the other two will play, with the winner meeting the "bye" team for the championship. Any necessary division play-offs will be completed before the Championship Play-offs begin.
- 9.) Teams are allowed a one-half hour grace period before a forfeit can be claimed.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate, in the on-deck circle, or on the bases. A helmet which protects the ears and temples is much safer, so please don't buy any new helmets which are not of this type.
- 3.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahm, 253-4633, Bill Kuntz, 786-7958, or on the morning following the game to the CYO Office, 632-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.
- 4.) CYO shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm. If you don't wear uniform shirts, the patches are not required.
- 5.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion, the ball used by Junior Baseball is the Rawlings 70CC. It is a good ball, and is available in any of the local sporting goods stores. We recommend this as a good standard for you to follow in choosing balls that are to be used in a game. Another good ball is the CCX which is similar to the 70CC but a little cheaper. This particular ball is available only at Em-Roe Sporting Goods. Each team should have a good ball, new or fairly new, ready for use in every game.

Rules Reminders (Contd.)

- 6.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it.
- 7.) Substitution Rule: a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involved the starting player.
d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
e.) Any re-entry into the game by a starting player must be announced both to the umpire and to the opposing coach.
f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 8.) The following academic eligibility rule is in effect for all pupils participating in CYO Athletics. (see the School Office Handbook).
"Pupils who receive a grade of 4 (failure due to lack of effort) in a course become ineligible for participation in sports."
a.) Any pupil receiving such a grade becomes ineligible at the end of that grading period (not necessarily when the report card is received), and he or she remains ineligible from that point until the end of the next grading period, except that ineligibility may be lifted before the end of the grading period if the pupil's effort improves. The teacher and principal are to decide this.
b.) If a pupil is passed to the next grade at the end of the school year, he or she is automatically eligible for Fall sports at the start of the next school year.
- 9.) An eligibility blank for each player is to be filled out and signed by one parent and the parish Priest Moderator. These blanks have space for the boy's birth date to be inserted, and the grade he is in this school term, so that the CYO will have on file the correct age and grade for every boy in the league. Also, every boy who takes part in CYO Baseball must have a physical examination before he plays in a game, recorded on the CYO Physicians' certificate, which is on the bottom half of the eligibility blank. Where possible, each parish should arrange for a group physical for the entire team at one time, or require each boy to be checked by his family doctor. These blanks are to be turned in to the CYO Office by Friday, May 9. If a blank was filled out for a previous sport no further examination is necessary. The blank already on file will be sufficient. Please list the names of all boys on your squad on the roster blank provided. Turn in the roster blank, along with any eligibility slips needed, by May 9. If boys have previously turned in a blank this school year, place a check mark behind these boys' names in the "blank on file" column.
- 10.) You have been given a supply of forms - "CYO Umpire's Evaluation Sheets". We ask that after each game you fill out one of these forms and return it to the CYO Office.

Rules Reminders (Contd.)

g.) If the teams have not had an opportunity to take infield and/or outfield practice at the particular diamond by the scheduled time for the game, this practice is to be eliminated, and the umpire is to start the game as soon as the pre-game conference has been held and line-ups exchanged. Starting pitchers are to warm up away from the playing area while the teams are waiting for the diamond to be cleared.

h.) In all such cases, the umpire is to be responsible for moving the game along, and he is to remind the teams when necessary, so that this speeding up can be accomplished.

- 13.) We recommend that the catcher wear a helmet without a bill while catching, as a safety measure. These can be obtained at sporting goods stores, or the bill can be cut from a helmet owned by the team. This is not a requirement, just a recommendation.
- 14.) Be careful with your pitchers!! Their arms should be watched closely. Also, although this is not a rule, coaches should try to avoid pitching one boy more than twice in any seven-day period.

(SEE FOLLOWING PAGES FOR SPECIAL SCHEDULING NOTES AND RULES REMINDERS)

SPECIAL SCHEDULING NOTES:

May 8 Tuesday, May 5

- 1.) The dates on this schedule are to be followed explicitly. Special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time....until 12:00 Noon on Friday, May 5. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you know before May 5 that a postponement of any game will be necessary, please use the following procedure: Contact the opposing coach to tell him that the postponement is necessary and try to arrange a date with him for the make-up game. Then call the CYO Office to obtain an umpire. This should be done so that we have at least 24 hours' notice for the Umpires' Association. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.
- 3.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the CYO Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying by game time, we ask all coaches to avoid postponing the game until later in the day.
- 4.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the CYO Office to secure an umpire.
- 5.) You may request time changes in the schedule by calling the CYO Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 6.) Weekday game times are 5:30 P.M. Be patient if a game can't be started at 5:30. The umpire and both teams should be present by 5:15 P.M. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, must work behind the plate.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. The possible format will be discussed at the pre-season coaches meeting and announced at a later date.
- 9.) Teams are allowed a one-half hour grace period before a forfeit can be claimed.

RULES REMINDERS:

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made.
- 2.) Every batter must wear some kind of protective headgear -- helmet, plastic helmet liner, or boxing-type headgear -- while at the plate, in the on-deck circle, or on the bases. A helmet which protects the ears and temples is much safer, so please don't buy new helmets which are not of this type.
- 3.) Regular baseball steel spikes may not be worn this season. We recommend either smekers, Little League cleats, or any of the following: 1.) Jolly (Leather); 2.) Speed (Leather); 3.) Viking (Canvas); 4.) Spotlight (White Leather). Each of these shoes has a molded sole-and-cleat combination. Any comparable shoe also is acceptable. This rule also was announced last year.

Rules Reminders (Contd.)

- 4.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahn, 253-4633, Bill Kuntz, 786-7958, Major Schnieders, 251-2033 or on the morning following the game to the CYO Office, 632-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.
- 5.) CYO shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm. If you don't wear uniform shirts, the patches are not required.
- 6.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion we recommend the Rawlings SCB- 23.95 per dozen, or the Rawlings 60CC, which is \$21.95 per dozen. Either ball is adequate for our purposes, and is available at most outlets. Each team should have a good ball, new or fairly new, ready for use in every game.
- 7.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it, although the teams are allowed to continue the game, with the understanding that both coaches must agree that the game is over officially and that the umpire is instructed to stay until the game is over or the teams agree to quit.
- 8.) Substitution Rule: a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
- b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
- c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involves the starting player.
- d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
- e.) Any re-entry in to the game by a starting player must be announced both to the umpire and to the opposing coach.
- f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 9.) The following academic eligibility rule is in effect for all pupils participating in CYO Athletics (see the School Office Handbook).

If a pupil receives an "F" in an academic subject, and at the same time is guilty of failing due to lack of effort (in the opinion of the teacher), that pupil is subject to being declared ineligible for the grading period. The teacher is to confer with the parents of the pupil before the penalty is imposed.

Rules Reminders (Contd.)

10.) The general Cadet eligibility rule is as follows (this is a change from all previous rules!!). It is derived from the Archdiocesan CYO Handbook, Article III, Section 2, which is quoted here for your benefit:

To qualify for Cadet (grade school age) CYO membership in a parish, the boy or girl, hereinafter referred to as "Cadet participant", must:

- A.) Be eligible first for the Cadet program in the parish according to the age and grade-in-school requirements established by the CYO Office; then
- B.) Be enrolled in the parish's Catholic grade school; or
- C.) The Cadet participant and his or her family, if Catholic, be registered as members of said parish; or
- D.) If non-Catholic, the Cadet participant must reside within the officially established boundaries of said parish and be eligible by virtue of parish policy.

The above qualifications are subject to the following conditions and limitations:

- 1.) A non-Catholic Cadet participant shall not qualify under Section 2 (D) above if the public school which he or she attends has available an activity comparable to the CYO activity in question.
- 2.) The fact that a parish does not operate a grade school shall not make such parish ineligible to conduct a Cadet program.
- 3.) The consolidation of two or more parish CYO Cadet programs into one program shall be subject to the approval of the CYO Board of Directors of the deanery or deaneries.

NOTE: All city-wide or area-wide CYO activities in the Cadet CYO program shall be subject to the rules and regulations governing said activities established from time-to-time by the Rules, Eligibility and Protest Committee of the CYO Board of Directors.

NOTE: A boy whose family is registered in the parish for which he is a Cadet participant is not to be denied team membership solely on the basis of the fact that a number of non-Catholic participants might wish to play.

11.) There may be individual cases involving a small number of Catholic boys who want to play for a bordering parish when their own parish has no baseball team. These cases are handled on individual merit. The number allowed in any such case may not exceed 3 and the CYO Office must always give approval or the boys are not eligible to play.

12.) Each player on every squad is to pay a "Participant's Registration Fee" of \$1.00 in order to participate in Cadet Spring Baseball. This fee is to be collected from every player by the coach or adult supervisor and transmitted to the CYO Office, along with the eligibility blanks and squad roster blank (see below) on or before Wednesday, May 3. The \$1.00 covers the boy for the entire season and the play-offs.

Rules Reminders (Contd.)

- 13.) An eligibility blank for each player is to be filled out and signed by one parent and the parish Priest Moderator. These blanks have space for the boy's birth date to be inserted, and his grade in school, so that the CYO Office will have on file the correct age and grade for every boy in the league. A supply of blanks is furnished in each Head Coach's envelope.
- ok a.) Also, every boy who takes part in CYO Baseball must have a physical examination before he plays in a game, recorded on the CYO Physician's certificate, which is on the bottom half of the eligibility blank. Where possible, each parish should arrange for a group physical for the entire team at one time, or require each boy to be checked by his family doctor. These blanks are to be turned in to the CYO Office on or before Wednesday, May 3. If a blank was filled out for an earlier sport, no further examination is necessary. The blank already on file will be sufficient, and this should be so indicated on the roster.
- b.) All names of players on the squad are to be listed on the furnished roster blank, and this blank is to be turned in, along with the eligibility blanks and the Registration Fees, on or before Wednesday, May 3.
- ~~14.)~~ Play in this league is limited to boys in the fifth and sixth grades who have not attained their 13th birthday before January 1 of the school year in which they are competing.
- ok 15.) You have been given a supply of forms - "CYO Umpire's Evaluation Sheets". We ask that after each game you fill out one of these forms and return it to the CYO Office.
- ok 16.) Protests will be accepted by the CYO Rules, Eligibility and Protest Committee only if they cover players' eligibility violations, or mis-interpretations of rules by the umpire. The umpire's judgment is not protestable.
- 17.) All league games will operate according to the rules of Little League Baseball, a copy of which is provided in your envelope. Any exceptions to these rules are listed below, and elsewhere in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Little League Baseball, the CYO rule takes precedence.
- 18.) CYO Baseball "Speed-up" Rules:
- a.) Because we no longer have the extra hour of daylight available, the following time limits will apply: Up to and including May 15, no inning (top of an inning) may be started after 7:30 P.M.; after May 15 and up to and including May 25, no inning may be started after 7:40 P.M.; after May 25 and up to and including June 1, no inning may be started after 7:50 P.M.; After June 1, no inning may be started after 8:00 P.M. Keep these qualifications in mind: First, the umpire and both coaches are to check and agree on the correct time prior to the first pitch of the game; secondly, even if an inning starts before the deadline, the umpire has the right to stop the game, but he may not allow it to go on if any inning runs past the deadline.
- b.) In the event of darkness or inclement weather preventing the completion of seven full innings, three-and-one half ($3\frac{1}{2}$) innings shall constitute a complete game, as far as the records are concerned, if the "home" team is ahead at that point. Four (4) innings shall constitute a complete game if either team is ahead at that point. Where possible, of course, the game should be played to completion. This rule simply helps alleviate somewhat the necessity of rescheduling games which are interrupted.
- c.) Once the pitcher takes the mound for the beginning of any half-inning, he is restricted to five warm-up pitches, not to consume more than one minute, after which the umpire is to resume the game. There must be a catcher behind the plate when the pitcher takes the mound....either the regular catcher or a substitute while the regular catcher is putting on his equipment.
- d.) The rest of the team is allowed to throw the ball around the infield (or outfield) prior to the start of a half-inning only as long as the warm-up period lasts. If this means that there isn't time for any infield drill, then it is to be eliminated altogether for that half-inning.

Rules Reminders (Contd.)

e.) When issuing an intentional walk, it no longer is necessary to make the four pitches. Instead, the coach or catcher of the defensive team can inform the umpire that an intentional walk is being given that batter, and the umpire will wave the batter to first base. This rule will apply at any stage of the count to a particular batter.....in other words, the coach or catcher may state that an intentional walk is being given when the count is two balls two strikes, one ball no strikes, etc.

f.) Each team when on offense may be granted not more than one charged conference per inning to permit the coach or any of that team's personnel to confer with baserunners and/or the batter. No further conferences are to be permitted by the umpire to the offensive team in that inning. The coach, his representative, or a player may make the request.

g.) Each team when on offense may be granted not more than three charged conferences during a game, without penalty, to permit a coach, his representative or a player to confer with his player or players. The request for this charged conference may be made by a coach, his representative, or a player. The penalty: For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of the game (although he may remain in the game at another position).

NOTE: Changing players through the umpire is not a charged conference. Also, time-out for an injury is not a charged conference. The ruling of the umpire will determine whether or not time has been called in any other case.

h.) If the teams have not had an opportunity to take infield and/or outfield practice at the particular diamond by the scheduled time for the game, this practice is to be eliminated, and the umpire is to start the game as soon as the pre-game conference has been held and line-ups exchanged. Starting pitchers are to warm-up away from the playing area while the teams are waiting for the diamond to be cleared.

i.) In all such cases, the umpire is to be responsible for moving the game along, and he is to remind the teams when necessary, so that this speeding up can be accomplished.

19.) We recommend that the catcher wear a helmet without a bill while catching, as a safety measure. These can be obtained at sporting goods stores, or the bill can be cut from a helmet owned by the team. This is not a requirement, just a recommendation.

20.) Pitchers in this league are not allowed to pitch more than 7 innings per calendar week, Sunday through Saturday. Delivery of a single pitch constitutes having pitched an inning.

a.) Violation of any section of this regulation can result in forfeiture of the game in which it occurs.

b.) Innings pitched in games declared "no contest" or "Regulation Drawn Games" shall be charged against pitcher's eligibility for that week.

21.) The usual rules of sportsmanship for CYO Athletics apply for the league. Coaches are to refrain from outbursts against umpires, opposing coaches, and players, and the same restrictions apply to players and fans.

Master

CYO CADET SPRING BASEBALL LEAGUE

1973

Division #1

Thursday, April 26, 1973, 5:30 P.M.

SPECIAL SCHEDULING NOTES:

- 1.) The dates on this schedule are to be followed explicitly. Special school events such as picnics, outings, field trips, etc., should be scheduled away from game days. We will accept postponement requests for any such reason for a limited time....until 12:00 Noon on Tuesday, May 8. After that time, no postponements will be allowed, unless the game is played before the scheduled date.
- 2.) If you know before May 8 that a postponement of any game will be necessary, please use the following procedure: Contact the opposing coach to tell him that the postponement is necessary and try to arrange a date with him for the make-up game. Then call the CYO Office to obtain an umpire. This should be done so that we have at least 24 hours' notice for the Umpires' Association. Remember that it is the responsibility of the coach who requests a postponement to set up the make-up game.
- 3.) Postponements caused by bad weather, of course, are allowable and unavoidable. Whenever a field is unplayable, the CYO Office should be notified as early as possible in the day, as should the opposing team. Unless a field is sloppy, and has no chance of drying by game time, we ask all coaches to avoid postponing the game until later in the day.
- 4.) In all cases, both coaches should take it upon themselves to be responsible for arrangements to make up a rained-out game. It's the special responsibility of the coach whose home game it was, although we realize that sometimes the diamond is "home" for both teams. When arranging make-ups, line up the date and time with the opposing coach, then call the CYO Office to secure an umpire.
- 5.) You may request time changes in the schedule by calling the CYO Office at least 24 hours in advance of the scheduled time, so that we can make the change with the Umpires' Association.
- 6.) Weekday game times are 5:30 P.M. Be patient if a game can't be started at 5:30. The umpire and both teams should be present by 5:15 P.M. If you have a time problem, be sure to contact the team you are playing to arrange for the delayed start.
- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, must work behind the plate.
- 8.) Play-offs will be scheduled at the conclusion of the regular season. Since we are operating with four divisions this season, the play-offs will be set up as follows: The Division One Champion will meet the Division Two Champion, and the Division Three Champion will meet the Division Four Champion with the winners meeting for the league championship. Any necessary division play-offs will be completed before the championship play-offs begin.

RULES REMINDERS

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made. The team traveling the farthest calls the flip.
- 2.) Every batter must wear a protective headgear -- helmet, or boxing-type headgear-- while at the plate, in the on-deck circle, or on the bases. A headgear which protects the ears and temples is now mandatory.
- 3.) Regular baseball steel spikes may not be worn. We recommend either sneakers, Little League cleats, or any of the following: 1.) Jolly (Leather); 2.) Speed (Leather); 3.) Viking (Canvas); 4.) Rawlings (White Leather). Each of these shoes has a molded sole-and-cleat combination. Any comparable shoe also is acceptable.

Rules Reminders (Contd.)

- 4.) Scores are to be called in by the coach of the winning team on the evening of the game to Bill Sahm, 253-4633, Bill Kuntz, 786-7958, Major Schnieders, 251-3360, or on the morning following the game to the CYO Office, 632-9311. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself. We'd rather get the same score twice than not at all.
- 5.) CYO shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm. If you don't wear uniform shirts, the patches are not required.
- 6.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion we recommend the Rawlings SCB -\$23.95 per dozen, or the Rawlings BRO, which is \$22.95 per dozen, Rawlings RYL - \$18.95 per dozen. Each ball is adequate for our purposes, and is available at most outlets. Each team should have a good ball, new or fairly new, ready for use in every game.
- 7.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it, although the teams are allowed to continue the game, with the understanding that both coaches must agree that the game is over officially and that the umpire is instructed to stay until the game is over or the teams agree to quit.
- 8.) Substitution Rule:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry in to the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule....you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 9.) The following academic eligibility rule is in effect for all pupils participating in CYO Athletics (see the School Office Handbook).

If a pupil receives an "F" in an academic subject, and at the same time is guilty of failing due to lack of effort (in the opinion of the teacher), that pupil is subject to being declared ineligible for the grading period. The teacher is to confer with the parents of the pupil before the penalty is imposed.

Rules Reminders (Contd.)

10.) ELIGIBILITY

THE GENERAL CADET AGE GROUP ELIGIBILITY RULE IS TAKEN FROM THE NEW CYO GENERAL ELIGIBILITY STANDARDS BROCHURE AND IS AS FOLLOWS:

Cadet Level

- 1.) Age and Grade -- Fifth, sixth, seventh and eighth grade students who have not reached the age of 15 before September 1 of the school year in which they are competing.
- 2.) Parish Affiliation -- All students of the parish school (or consolidated Catholic School approved for participation by the CYO Board of Directors) and/or members of the participating parish who fulfill all other eligibility requirements. Parish membership is determined by the registration of the participant's family, not the individual.
- 3.) Religious Affiliation -- All Catholics who are parish members, all students of the parish school who fulfill all other eligibility requirements. Those not Catholic who meet all other eligibility requirements may participate, subject to:
 - a.) The policy of the participating parish
 - b.) Residence within the boundaries of the parish in whose program they wish to participate.
 - c.) Written permission, on the official CYO form provided for that purpose, from the Principal of the student's school.

NOTE: See CYO General Eligibility Standards Brochure for other considerations and requirements affecting the Cadet Age Group.

-
- 11.) Play in these leagues is restricted to boys who are eligible according to the above, who are in the fifth, sixth, seventh or eighth grade and who had not attained their fifteenth birthday before September 1, 1972. If a boy became 15 at any time before September 1, 1972, he is not eligible for Cadet Baseball.
 - a.) Exceptions to this or any eligibility rule may be granted by the CYO Rules Eligibility and Protest Committee. Any application for an exception must be made in writing to the CYO Office, and any letter requesting an exception must include all pertinent information regarding the boy.
 - 12.) There may be individual cases involving a small number of Catholic boys who want to participate for a bordering parish when their parish has no baseball team and when that parish is willing to grant permission for participation in the program of another parish. The number allowed in any such case may not exceed three, and the CYO Office always must give approval, or these children are not eligible to participate.

Rules Reminders (Contd.)

- 13.) Each player on every squad is to pay a "Participant's Registration Fee" of \$1.00 in order to participate in Cadet Spring Baseball. This fee is to be collected from every player by the coach or adult supervisor and transmitted to the CYO Office, along with the eligibility blanks and squad roster blank (see below) on or before Monday, April 30. The \$1.00 covers the boy for the entire season and the play-offs.
- 14.) An eligibility blank for each player is to be filled out and signed by one parent and the parish Priest Moderator. These blanks have space for the boy's birth date to be inserted, and his grade in school, so that the CYO Office will have on file the correct age and grade for every boy in the league. A supply of blanks is furnished in each envelope.
 - a.) Also, every boy who takes part in CYO Baseball must have a physical examination before he plays in a game, recorded on the CYO Physician's certificate, which is on the bottom half of the eligibility blank. Where possible, each parish should arrange for a group physical for the entire team at one time, or require each boy to be checked by his family doctor. These blanks are to be turned in to the CYO Office on or before Monday, April 30. If a blank was filled out for an earlier sport, no further examination is necessary. The blank already on file will be sufficient, and this should be so indicated on the roster.
 - b.) All names of players on the squad are to be listed on the furnished roster blank, and this blank is to be turned in, along with the eligibility blanks and the Registration Fees, on or before Monday, April 30.
- 15.) You have been given a supply of forms - "CYO Umpire's Evaluation Sheets". We ask that after each game you fill out one of these forms and return it to the CYO Office.
- 16.) Protests shall be received and considered concerning matters of the following types by the CYO Rules, Eligibility and Protest Committee.
 - a.) Players eligibility violations.
 - b.) Misinterpretation of a playing rule.
 - c.) Failure of an umpire to apply the correct rule to a given situation.
 - d.) Failure to impose the correct penalty for a given violation.

Protests shall not be received or considered if they are based solely on a decision involving the accuracy of judgement on the part of an umpire. Examples of protests which will not be considered are:

- a.) Whether a batted ball was fair or foul.
- b.) Whether a baserunner was safe or out.
- c.) Whether a pitched ball was a strike or a ball.
- d.) Whether a pitch was legal or illegal.
- e.) Whether a baserunner did or did not touch a base.
- f.) Whether a baserunner left his base too soon on a caught fly ball.
- g.) Whether a fly ball was or was not caught legally.
- h.) Whether there is sufficient light to continue play.
- i.) Whether there was or was not an interference.
- j.) Whether the field is fit to continue or resume play.
- k.) Any other matter involving only the accuracy of the umpire's judgement.

The notification of intent to protest must be made immediately before the next pitch.

Rules Reminders (Contd.)

- a.) The captain or coach of the protesting team should immediately notify the umpire and the opponent that the game is being continued under protest.
- b.) All interested parties shall take notice of the conditions surrounding the making of the decision that will aid in the correct determination of the issue.

NOTE: On appeal plays, the appeal must be made before the next pitch, legal or illegal, or before the defensive team has left the field. The defensive team has "left the field" when the pitcher and all infielders have clearly left their normal fielding positions.

All protests shall be made in writing and filed with the CYO Office no later than 48 hours after the time of the scheduled game that is being played under protest.

- 17.) All league games will operate according to the rules of Amateur Baseball, a copy of which is provided in your envelope. Any exceptions to these rules are listed below, and elsewhere in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, the CYO rule takes precedence.
- 18.) CYO Baseball "Speed-up" Rules:
 - a.) Because we no longer have the extra hour of daylight available, the following time limits will apply: Up to and including May 15, no inning (top of an inning) may be started after 7:30 P.M.; after May 15 and up to and including May 25, no inning may be started after 7:40 P.M.; After May 25 and up to and including June 1, no inning may be started after 7:50 P.M.; After June 1, no inning may be started after 8:00 P.M. Keep these qualifications in mind: First, the umpire and both coaches are to check and agree on the correct time prior to the first pitch of the game; secondly, even if an inning starts before the deadline, the umpire has the right to stop the game, but he may not allow it to go on if any inning runs past the deadline.
 - b.) In the event of darkness or inclement weather preventing the completion of seven full innings, three-and-one half ($3\frac{1}{2}$) innings shall constitute a complete game, as far as the records are concerned, if the "home" team is ahead at that point. Four (4) innings shall constitute a complete game if either team is ahead at that point. Where possible, of course, the game should be played to completion. This rule simply helps alleviate somewhat the necessity of re-scheduling games which are interrupted.
 - c.) Once the pitcher takes the mound for the beginning of any half-inning, he is restricted to five warm-up pitches, not to consume more than one minute, after which the umpire is to resume the game. There must be a catcher behind the plate when the pitcher takes the mound....either the regular catcher or a substitute while the regular catcher is putting on his equipment.
 - d.) The rest of the team is allowed to throw the ball around the infield (or outfield) prior to the start of a half-inning only as long as the warm-up period lasts. If this means that there isn't time for any infield drill, then it is to be eliminated altogether for that half-inning.
 - e.) When issuing an intentional walk, it no longer is necessary to make the four pitches. Instead, the coach or catcher of the defensive team can inform the umpire that an intentional walk is being given that batter, and the umpire will wave the batter to first base. This rule will apply at any stage of the count to a particular batter....in other words, the coach or catcher may state that an intentional walk is being given when the count is two balls two strikes, one ball no strikes, etc.

Rules Reminders (Contd.)

f.) Each team when on offense may be granted not more than one charged conference per inning to permit the coach or any of that team's personnel to confer with baserunners and/or the batter. No further conferences are to be premitted by the umpire to the offensive team in that inning. The coach, his representative, or a player may make the request.

g.) Each team when on defense may be granted not more than three charged conferences during a game, without penalty, to permit a coach, his representative or a player to confer with his player or players. The request for this charged conference may be made by a coach, his representative, or a player. The penalty: For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of the game (although he may remain in the game at another position).

NOTE: Changing players through the umpire is not a charged conference. Also, time-out for an injury is not a charged conference. The ruling of the umpire will determine whether or not time has been called in any other case.

h.) If the teams have not had an opportunity to take infield and/or outfield practice at the particular diamond by the scheduled time for the game, this practice is to be eliminated, and the umpire is to start the game as soon as the pre-game conference has been held and line-ups exchanged. Starting pitchers are to warm-up away from the playing area while the teams are waiting for the diamond to be cleared.

i.) In all such cases, the umpire is to be responsible for moving the game along, and he is to remind the teams when necessary, so that this speeding up can be accomplished.

- 19.) The catcher must wear a helmet without a bill while catching and a protective cup as a safety measure. These can be obtained at sporting goods stores.
- 20.) Be careful with your pitchers!! Their arms should be watched closely. Also, although this is not a rule, coaches should try to avoid pitching one boy more than twice in any seven-day period.
- 21.) The usual rules of sportsmanship for CYO Athletics apply for the league. Coaches are to refrain from outbursts against umpires, opposing coaches, and players, and the same restrictions apply to players and fans.
- 22.) Aluminum and Bamboo Bats are legal, this was decided last year and we feel that it will save parishes a lot of money, since they'll last a lot longer.

- 7.) If an umpire from the Association does not appear by fifteen minutes after the scheduled starting time, or by fifteen minutes after the diamond is clear and both teams are ready, the teams should play the game with a volunteer umpire if at all possible. Each coach has the right to refuse in such an instance, but we recommend that the game be played. If you play it, you may use either one volunteer for the entire game, providing both coaches agree, or have each team provide an umpire, with the two men alternating innings calling balls and strikes and working the bases. The regular umpire, by the way, must work behind the plate.
- 8.) A division champion will be determined. Also, at the conclusion of our regular season we will have a blind draw tournament.

RULES REMINDERS - THIS "56" League Does Play on a Softball Diamond.

- 1.) A coin-flip will determine which team will take the field first, or bat first, unless prior arrangements are made. The team traveling the farthest calls the flip.
- 2.) Every batter must wear a protective headgear -- helmet, or boxing-type headgear -- while at the plate, in the on-deck circle, or on the bases. A headgear which protects the ears and temples is now mandatory.
- 3.) Regular baseball steel spikes may not be worn. We recommend either sneakers, Little League cleats, or any of the following: 1.) Jolly (Leather); 2.) ~~Speed (Leather)~~; 3.) Viking (Canvas); 4.) Rawlings (White Leather). Each of these shoes has a molded sole-and-cleat combination. Any comparable shoe also is acceptable.

Rules Reminders (Contd.)

- 4.) Scores are to be called in by the coach of the winning team on the evening of game to Bill Kuntz, 786-7958, or on the morning following the game to the CYO Office, 632-9311. We urge you to call in scores so we can keep our standings up to date. By way of assuring that we get the score, the losing coach either should remind the winning coach to make the call or he should make the call himself.
- 5.) CYO shoulder patches are required on all uniforms. They are to be sewn on the left shoulder of the uniform shirt, two inches below the shoulder seam on the outside of the arm. If you don't wear uniform shirts, the patches are not required.
- 6.) We have never made a rule about an official ball, and there hasn't been any trouble about this previously. But as a suggestion we recommend the Rawlings RCC - \$19.95 per dozen, or the Rawlings SGB, which is \$25.95 per dozen, Rawlings 25C - \$15.95 per dozen. Each ball is adequate for our purposes, and is available at most outlets. Each team should have a good ball, new or fairly new, ready for use in every game.
- 7.) After three innings have been played, the umpires have been instructed to call any game at the end of any complete inning when either team is ahead by 15 or more runs. This rule will be in force for the full season, and the umpires cannot make any exceptions to it, although the teams are allowed to continue the game, with the understanding that both coaches must agree that the game is over officially and that the umpire is instructed to stay until the game is over or the teams agree to quit.
- 8.) Substitution Rule:
 - a.) Any player starting a game who has played at least one full inning in the game, is entitled to leave the game at any time after that point and re-enter once.
 - b.) When re-entering the game at a later time, he must return to the line-up in the same place in the batting order that he occupied when he was removed (this simply means that the position on the field may be changed for the starting player who re-enters the line-up, but his spot in the batting order must remain the same). Starting players are not required to be out of the game a minimum or maximum length of time before re-entering.
 - c.) When the starting player re-enters the game, the substitute who took that starter's place in the batting order may stay in the game, but since the starter returns to his original place in the order, the substitute then moves into the batting position of the player who leaves the game. This applies even if he might bat last in one inning and first in the next inning because of the theory that the important change in the line-up involves the starting player.
 - d.) Substitutes entering the game may not return to the line-up once removed, and starters may return only once.
 - e.) Any re-entry in to the game by a starting player must be announced both to the umpire and to the opposing coach.
 - f.) The rule is not mandatory -- it simply allows coaches to use their "bench" in the game if they want to. If you don't want to, that's your prerogative, but we hope that you will understand the basic purpose of the rule...you are able to put substitutes in the game, and thus give them valuable experience (not to mention keeping up their interest), without jeopardizing your chances of winning the game.
- 9.) The following academic eligibility rule is in effect for all pupils participating in CYO Athletics (see the School Office Handbook).

If a pupil receives an "F" in an academic subject, and at the same time is guilty of failing due to lack of effort (in the opinion of the teacher), that pupil is subject to being declared ineligible for the grading period. The teacher is to confer with the parents of the pupil before the penalty is imposed.

Rules Reminders (Contd.)

10.) ELIGIBILITY

THE GENERAL CADET AGE GROUP ELIGIBILITY RULE IS TAKEN FROM THE NEW CYO GENERAL ELIGIBILITY STANDARDS BROCHURE AND IS AS FOLLOWS:

Cadet Level

- 1.) Age and Grade -- Fifth, sixth, seventh and eighth grade students who have not reached the age of 15 before September 1 of the school year in which they are competing.
- 2.) Parish Affiliation -- All students of the parish school (or consolidated Catholic School approved for participation by the CYO Board of Directors) and/or members of the participating parish who fulfill all other eligibility requirements. Parish membership is determined by the registration of the participant's family, not the individual.
- 3.) Religious Affiliation -- All Catholics who are parish members, all students of the parish school who fulfill all other eligibility requirements. Those not Catholic who meet all other eligibility requirements may participate, subject to:
 - a.) The policy of the participating parish
 - b.) Residence within the boundaries of the parish in whose program they wish to participate.
 - c.) Written permission, on the official CYO form provided for that purpose, from the Principal of the student's school.

NOTE: See CYO General Eligibility Standards Brochure for other considerations and requirements affecting the Cadet Age Group.

-
- 11.) Play in these leagues is restricted to boys who are eligible according to the above, who are in the fifth, sixth, seventh or eighth grade and who had not attained their fifteenth birthday before September 1, 1973. If a boy became 15 at any time before September 1, 1973, he is not eligible for Cadet Baseball.
 - a.) Exceptions to this or any eligibility rule may be granted by the CYO Rules Eligibility and Protest Committee. Any application for an exception must be made in writing to the CYO Office, and any letter requesting an exception must include all pertinent information regarding the boy.
 - 12.) There may be individual cases involving a small number of Catholic boys who want to participate for a bordering parish when their parish has no baseball team and when that parish is willing to grant permission for participation in the program of another parish. The number allowed in any such case may not exceed three, and the CYO Office always must give approval, or these children are not eligible to participate.

Rules Reminders (Contd.)

- 13.) Each player on every squad is to pay a "Participant's Registration Fee" of \$1.50 in order to participate in Cadet Spring Baseball. This fee is to be collected from every player by the coach or adult supervisor and transmitted to the CYO Office, along with the eligibility blanks and squad roster blank (see below) on or before Monday, April 29. The \$1.50 covers the boy for the entire season and the play-offs.
- 14.) An eligibility blank for each player is to be filled out and signed by one parent and the parish Priest Moderator. These blanks have space for the boy's birth date to be inserted, and his grade in school, so that the CYO Office will have on file the correct age and grade for every boy in the league. A supply of blanks is furnished in each envelope.
 - a.) Also, every boy who takes part in CYO Baseball must have a physical examination before he plays in a game, recorded on the CYO Physician's certificate, which is on the bottom half of the eligibility blank. Where possible, each parish should arrange for a group physical for the entire team at one time, or require each boy to be checked by his family doctor. These blanks are to be turned in to the CYO Office on or before Monday, April 29. If a blank was filled out for an earlier sport, no further examination is necessary. The blank already on file will be sufficient, and this should be so indicated on the roster.
 - b.) All names of players on the squad are to be listed on the furnished roster blank, and this blank is to be turned in, along with the eligibility blanks and the Registration Fees, on or before Monday, April 29.
- 15.) You have been given a supply of forms - "CYO Umpire's Evaluation Sheets". We ask that after each game you fill out one of these forms and return it to the CYO Office.
- 16.) Protests shall be received and considered concerning matters of the following types by the CYO Rules, Eligibility and Protest Committee.
 - a.) Players eligibility violations.
 - b.) Misinterpretation of a playing rule.
 - c.) Failure of an umpire to apply the correct rule to a given situation.
 - d.) Failure to impose the correct penalty for a given violation.

Protests shall not be received or considered if they are based solely on a decision involving the accuracy of judgement on the part of an umpire. Examples of protests which will not be considered are:

- a.) Whether a batted ball was fair or foul.
- b.) Whether a baserunner was safe or out.
- c.) Whether a pitched ball was a strike or a ball.
- d.) Whether a pitch was legal or illegal.
- e.) Whether a baserunner did or did not touch a base.
- f.) Whether a baserunner left his base too soon on a caught fly ball.
- g.) Whether a fly ball was or was not caught legally.
- h.) Whether there is sufficient light to continue play.
- i.) Whether there was or was not an interference.
- j.) Whether the field is fit to continue or resume play.
- k.) Any other matter involving only the accuracy of the umpire's judgement.

The notification of intent to protest must be made immediately before the next pitch.

Rules Reminders (Contd.)

- a.) The captain or coach of the protesting team should immediately notify the umpire and the opponent that the game is being continued under protest.
- b.) All interested parties shall take notice of the conditions surrounding the making of the decision that will aid in the correct determination of the issue.

NOTE: On appeal plays, the appeal must be made before the next pitch, legal or illegal, or before the defensive team has left the field. The defensive team has "left the field" when the pitcher and all infielders have clearly left their normal fielding positions.

All protests shall be made in writing and filed with the CYO Office no later than 48 hours after the time of the scheduled game that is being played under protest.

- 17.) All league games will operate according to the rules of Amateur Baseball, a copy of which is provided in your envelope. Any exceptions to these rules are listed below, and elsewhere in these Rules Reminders. In cases where a rule listed here conflicts with the rules of Amateur Baseball, the CYO rule takes precedence.
- 18.) CYO Baseball "Speed-up" Rules:
 - a.) Because we no longer have the extra hour of daylight available, the following time limits will apply: Up to and including May 15, no inning (top of an inning) may be started after 7:30 P.M.; after May 15 and up to and including May 25, no inning may be started after 7:40 P.M.; after May 25 and up to and including June 1, no inning may be started after 7:50 P.M.; after June 1, no inning may be started after 8:00 P.M. Keep these qualifications in mind: First, the umpire and both coaches are to check and agree on the correct time prior to the first pitch of the game; secondly, even if an inning starts before the deadline, the umpire has the right to stop the game, but he may not allow it to go on if any inning runs past the deadline.
 - b.) In the event of darkness or inclement weather preventing the completion of seven full innings, three-and-one half ($3\frac{1}{2}$) innings shall constitute a complete game, as far as the records are concerned, if the "home" team is ahead at that point. Four (4) innings shall constitute a complete game if either team is ahead at that point. Where possible, of course, the game should be played to completion. This rule simply helps alleviate somewhat the necessity of re-scheduling games which are interrupted.
 - c.) Once the pitcher takes the mound for the beginning of any half-inning, he is restricted to five warm-up pitches, not to consume more than one minute, after which the umpire is to resume the game. There must be a catcher behind the plate when the pitcher takes the mound....either the regular catcher or a substitute while the regular catcher is putting on his equipment.
 - d.) The rest of the team is allowed to throw the ball around the infield (or outfield) prior to the start of a half-inning only as long as the warm-up period lasts. If this means that there isn't time for any infield drill, then it is to be eliminated altogether for that half-inning.
 - e.) When issuing an intentional walk, it no longer is necessary to make the four pitches. Instead, the coach or catcher of the defensive team can inform the umpire that an intentional walk is being given that batter, and the umpire will wave the batter to first base. This rule will apply at any stage of the count to a particular batter....in other words, the coach or catcher may state that an intentional walk is being given when the count is two balls two strikes, one ball no strikes, etc.

Rules Reminders (Contd.)

f.) Each team when on offense may be granted not more than one charged conference per inning to permit the coach or any of that team's personnel to confer with baserunners and/or the batter. No further conferences are to be permitted by the umpire to the offensive team in that inning. The coach, his representative, or a player may make the request.

g.) Each team when on defense may be granted not more than three charged conferences during a game, without penalty, to permit a coach, his representative or a player to confer with his player or players. The request for this charged conference may be made by a coach, his representative, or a player. The penalty: For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of the game (although he may remain in the game at another position).

NOTE: Changing players through the umpire is not a charged conference. Also, time-out for an injury is not a charged conference. The ruling of the umpire will determine whether or not time has been called in any other case.

h.) If the teams have not had an opportunity to take infield and/or outfield practice at the particular diamond by the scheduled time for the game, this practice is to be eliminated, and the umpire is to start the game as soon as the pre-game conference has been held and line-ups exchanged. Starting pitchers are to warm-up away from the playing area while the teams are waiting for the diamond to be cleared.

i.) In all such cases, the umpire is to be responsible for moving the game along, and he is to remind the teams when necessary, so that this speeding up can be accomplished.

- 19.) The catcher must wear a helmet without a bill while catching and a protective cup as a safety measure. These can be obtained at sporting goods stores.
- 20.) Be careful with your pitchers!! Their arms should be watched closely. Also, although this is not a rule, coaches should try to avoid pitching one boy more than twice in any seven-day period.
- 21.) The usual rules of sportsmanship for CYO Athletics apply for the league. Coaches are to refrain from outbursts against umpires, opposing coaches, and players, and the same restrictions apply to players and fans.
- 22.) Aluminum and Bamboo Bats are legal, this was decided last year and we feel that it will save parishes a lot of money, since they'll last a lot longer.

CYO CADET SPRING BASEBALL LEAGUE
1975

Master

INTER-DIVISIONAL PLAY - The first two games for each team are inter-league games. These games are being played with teams in all four divisions. They will count in the regular league standings.

REVISED

REVISED

REVISED

April 28, 1977

Dear "56" Baseball Coaches:

We have some sad news to convey, that being the loss of St. Jude for the remainder of the season. We will play from the original schedule all scheduled games up and through Friday, April 29, 1977. We have now revised the schedule beginning with Monday, May 2, 1977.

Monday, May 2, 1977

St. Christopher ⁸ vs. Little Flower ⁹ @ Leonard Park 5:30 PM

Tuesday, May 3, 1977

^{PP} St. Lawrence ²⁹ vs. St. Monica ² @ St. Lawrence 5:30 PM

Thursday, May 5, 1977

^{PP} Little Flower vs. St. Lawrence @ St. Lawrence 5:30 PM

Friday, May 6, 1977

St. Christopher ¹⁵ vs. St. Monica ^{OPP 5/10} @ St. Monica 5:30 PM

Monday, May 9, 1977

St. Monica ¹ vs. St. Christopher ⁹ @ Leonard Park 5:30 PM *No ump*

Tuesday, May 10, 1977

^{PP} Little Flower ¹⁷ vs. St. Lawrence ^{ok 4 5/24} @ St. Lawrence 5:30 PM **OK**

Friday, May 13, 1977

St. Lawrence ⁴ vs. St. Monica ² @ St. Monica 5:30 PM *No umpire*
St. Christopher ¹ vs. Little Flower ¹⁵ @ Leonard Park 5:30 PM *no umpire*

Monday, May 16, 1977

St. Christopher ⁷ vs. St. Lawrence ¹¹ @ Leonard Park 5:30 PM
Little Flower ¹¹ vs. St. Monica ⁶ @ St. Monica 5:30 PM

Friday, May 20, 1977

St. Christopher ² vs. Little Flower ⁵ @ Leonard Park 5:30 PM
St. Lawrence ⁶ vs. St. Monica ⁵ @ St. Monica 5:30 PM *no umpire*

Monday, May 23, 1977

Little Flower ⁶ vs. St. Lawrence ¹ @ St. Lawrence 5:30 PM
St. Christopher ¹¹ vs. St. Monica ² @ ~~Leonard Park~~ ^{MONICA} 5:30 PM *no umpire* **OK**

We urge you to follow the new schedule above. Also, we ask you to hang with our "56" Baseball program for it is our hope to work at getting more teams so as to have a six or eight team league by next year. **Help us!**

We thank you for your working with our young people and the CYO. If you have any questions regarding this revised schedule, please call us right away.

We would like to have a blind draw-tourney at the conclusion of this new revised schedule.

Thanks for your cooperation,
Your CYO Office.

Season Notice #5

To All CYO Baseball Coaches

Dear Coach:

The conclusion of the 1982 regular season schedule is already upon us even though there are some make-up games yet to be played. At this time, permit me to share some thoughts with you regarding the season. Certainly, the vast majority of you are to be commended for your efforts in making the season an enjoyable and rewarding experience for each boy on your squad. I can assure you that the benefits received by the young people under your leadership will be felt for years to come.

This season has not passed without any conflicts or problems, but for the most part resolutions were easily reached because of the cooperation from our volunteer coaches. Please know that we appreciate this and realize that your main concern rests with the young people in our program.

Following is some important information, so please read carefully:

1. Enclosed, please find the current league standings through Monday May 17, 1982. As always, if there is an error, please call the CYO Office, 632-9311,
2. Also enclosed is the schedule for the 1982 CYO Cadet Baseball Post Season Tournament. Please follow the schedule explicitly. Scores are to be called in by the winning coach immediately following each game.
3. The 1982 CYO Cadet Baseball Play-off schedule is as follows:

ST-PXA ✓ Division #1 Champion	ST-PXA ✓	
Tues. June 1, 1982	Fri. June 4, 1982	
@ CYO North @ 5:30	@ Roncalli	ST-PXA
Division #2 Champion	@ 5:30 PM ✓	
Division #3 Champion	ST-Jude	
Tues. June 1, 1982		
@ Roncalli @ 5:30		
Wild Card Team		

Coaches of teams involved in the playoffs will be notified of their participation following the conclusion of all necessary regular season games.

Finally, we would like all CYO baseball coaches and players to be our guests at the Indians vs. Wichita baseball game, Sunday, June 6, 1982 at 2:00 PM. Tickets can be ordered by calling the CYO Office before May 26, 1982.

Again, thank you for a marvelous season thus far and please accept our best wishes for a super tournament and playoff. If you have any questions, please call the CYO Office.

Wishing you well, I am

Sincerely yours,
Bill
William F. Kuntz
Executive Director

Season Notice #4

To All CYO Baseball Coaches

Dear Coach:

The conclusion of the 1983 regular season schedule is already upon us even though there are some make-up games yet to be played. At this time, permit me to share some thoughts with you regarding the season. Certainly, the vast majority of you are to be commended for your efforts in making the season an enjoyable and rewarding experience for each boy on your squad. I can assure you that the benefits received by the young people under your leadership will be remembered for years to come.

This season has not passed without any conflicts or problems, but for the most part resolutions were easily reached because of the cooperation from our volunteer coaches. Please know that we appreciate this and realize that your main concern rests with the young people in our program.

Following is some important information, so please read carefully:

1. Enclosed, please find the current league standings through Monday, May 16. As always, if there is an error, please call the CYO Office, 632-9311.
2. Also enclosed is the schedule for the 1983 CYO Cadet Baseball Post Season Tournament. Please follow the schedule explicitly. Scores are to be called in by the winning coach immediately following each game.
3. The 1983 CYO Cadet Baseball Play-off schedule is as follows:

Division #1 Champion *SPX* ✓
 Thursday, June 2, 1983
 @ CYO North @ 5:30 PM ✓
 Wild Card Team *OLMC*

OLMC ✓
 CHAMPIONSHIP GAME
 Saturday, June 4, 1983
 @ Roncalli H.S.
 @ 10:00 AM
St. Jude ✓

Division #2 Champion *St. Jude*
 Thursday, June 2, 1983
 @ Msgr. Downey @ 5:30 PM
 Division #3 Champion *H. G. J.*

St. Jude

Coaches of teams in the play-offs will be notified of their participation following the conclusion of all necessary regular season games.

Again, thank you for a tremendous season thus far and please accept our best wishes for a super tournament and play-off. If you have any questions, please call the CYO Office.

Wishing you well, I am

Sincerely yours,

Ed

Edward J. Tinder

Re: 1986 CYO Cadet Baseball League Schedule Revision
From: Edward J. Tinder, Executive Director
Date: April 10, 1986

109
107

PLEASE BE ADVISED THAT ST. BARNABAS HAS ENTERED A SECOND TEAM IN THE CYO CADET BASEBALL LEAGUE AND WILL COMPETE IN DIVISION #1. THEREFORE, INSTEAD OF HAVING A BYE ON CERTAIN DATES, YOUR TEAM WILL PLAY ST. BARNABAS "B". THE REVISION ADDS THE FOLLOWING GAMES TO THE SCHEDULE.

Monday, April 14, 1986

St. Pius X "B" vs. St. Barnabas "B" @ Brookside @ 5:30 PM

Friday, April 18, 1986

St. Michael vs. St. Barnabas "B" @ Max Bahr @ 5:30 PM

Monday, April 21, 1986

All Saints vs. St. Barnabas "B" @ Max Bahr @ 5:30 PM

Friday, April 25, 1986

St. Luke vs. St. Barnabas "B" @ St. Luke @ 5:30 PM

Monday, April 28, 1986

St. Gabriel vs. St. Barnabas "B" @ Eagledale L.L. @ 5:30 PM

Friday, May 2, 1986

Mount Carmel vs. St. Barnabas "B" @ Mount Carmel @ 5:30 PM

Monday, May 5, 1986
